Pegnitz Junction:

Transient Questions, 2021-09-20 Mavis Gallant has been a leading literary figure in Canada since her first short story published in 1951 and has grown to be considered internationally as a modern master of the genre Her writing is nuanced sensitive gifted deep and concise She leaves everything open for the hidden potential that can always be discovered Times change society history politics may develop out of recognition Cultures metamorphose Literary landscapes and theories are renewed But the classics of our time stay where they are pillars of that which is solidly about us Mavis Gallant's work is of that calibre her writing will remain interesting and relevant no matter what else happens This book is an exploration of what Gallant's readers are thinking now where they place her in the panorama of literature and what meaning she has for them now Scholars continue to probe into the stories their characters the capsules of history they present and continue to find them challenging As with Shakespeare no amount of scrutiny will yield the final answer That is how complex Gallant's writing is Especially now when the positioning of her characters is a more prominent condition in general we need to review Gallant's artistic insights As Francine Prose says in Harper's Magazine Gallant's cast of characters are a motley assortment of refugees fugitives and travelers and displaced persons scrambling on the margins of a society they will never belong to This is the modern condition As with other great writers Gallant shows herself to be prophetic in cutting down to the roots of the sensibility of our era We are reading her work and we are thinking about it and talking about it This book is part of that large conversation Contributors are Neil Besner Di Brandt Nicole C t John Lent Gerald Lynch Maria No lle Ng Peter Stevens Simone Vauthier Per Winther The Pegnitz Junction Mavis Gallant, 2002 **The Pegnitz Junction** Mavis Gallant, 1973

Writers and Age Esther Harriott, 2015-01-14 Since 1900 the average life expectancy in the developed world has almost doubled from 45 to 80 We are almost a new species declared the English writer V S Pritchett while pointing out that this means most of us have to face the prospect of a long old age before we die Pritchett is one of five great writers along with Stanley Kunitz Doris Lessing Mavis Gallant and Russell Baker whose novels short stories poems and essays about old age

written in old age are examined in this book Born between 1900 Pritchett and 1925 Baker these writers are members of the first generation of the 20th century and of the first generation of writers able to write about old age from experience In their later works we read about growing old as reported by the old not as imagined by the young and middle aged They wrote about old age not as a discrete stage of life but as a continuation another context in which to pursue the themes of their earlier poems novels stories and essays And those who had written about love a central theme of fiction and poetry now wrote about love in old age
