Adam Fox, Daniel Woolf

Peirescs Europe Learning Virtue In The:

Momigliano and Antiquarianism Peter N. Miller, 2007-01-01 In Momigliano and Antiquarianism Peter N Miller brings together an international and interdisciplinary group of scholars to provide the first serious study of Momigliano's history of historical scholarship

Peiresc's Orient Peter N. Miller, 2017-09-29 The ten essays published in this volume were written over the space of a decade but they were conceived from the start as a coherent whole presenting Peiresc's study of discrete languages and literatures of the Near East and North Africa For Peiresc the student of the Classical past this described the eastern and southern space in which the Greeks and Romans lived and strove For Peiresc the Christian this was the world of the Bible that impacted upon the Greeks and Romans And for Peiresc of the Mediterranean for he was born in Aix spent much time in Marseille and lived outside of the region for only 6 of his 57 years this was the territory that his friends and colleagues sailed to lived in and usually came back from The convergence of these axes in the life of one man and a man of singular intellectual power and charm whose vast personal paper arsenal had survived makes this such a compelling project The essays are arranged in a roughly chronological order They follow the course of Peiresc's own projects from his early encounter with the ancient Near East in Greek and Roman literature through his engagement with Arabic to his deepening knowledge of rabbinic texts to the wider world of the new oriental studies of the seventeenth century which he helped create Samaritan Coptic and Ethiopic

Peiresc's Mediterranean World Peter N. Miller, 2015-05-11 Antiquarian lawyer and cat lover Nicolas Fabri de Peiresc 1580-1637 was a prince of the Republic of Letters and the most gifted French intellectual in the generation between Montaigne and Descartes From Peiresc's study in Aix-en-Provence his insatiable curiosity poured forth in thousands of letters that traveled the Mediterranean seeking knowledge of matters mundane and exotic Mining the remarkable 70,000 page archive of this Provençal humanist and polymath Peter N Miller recovers a lost Mediterranean world of the early seventeenth century that was dominated by the sea the ceaseless activity of merchants customs officials and ships captains at the center of Europe's sprawling maritime networks Peiresc's Mediterranean World reconstructs the web of connections that linked the bustling port city of Marseille to destinations throughout the Western Mediterranean North Africa the Levant and beyond Peter Miller's reanimation of Peiresc the master of the Mediterranean is the best kind of case study It not only makes us appreciate the range and richness of one man's experience and the originality of his thought but also suggests that he had many colleagues in his deepest and most imaginative inquiries Most important it gives us hope that their archives too will be opened up by scholars skillful and imaginative enough to make them speak to us Anthony Grafton

New York Review of Books

Dignified Retreat Robert A. Schneider, 2019-10-31 Dignified Retreat is a panoramic study of the vibrant literary and intellectual culture that emerged in early seventeenth century France following the devastating Wars of Religion This was a period that not only witnessed the recovery of the country following these wars and the emergence of a strong absolutist monarchy under the Bourbons but also the rise and refinement of the French language and the

development of a literary culture that would soon be known as French classicism Casting his net over a wide range of writers and intellectuals Robert A Schneider has assembled a roster of more than 100 men and women of letters those constituting what he calls the generation of 1630 While diverse and indeed divided between those who hewed to traditional humanism and others more attuned to modern linguistic and literary developments this cohort largely shared a commitment to a cultural renewal of France its rise to prominence in the geopolitical arena of Europe and the emergence of a strong centralized monarchy They depended on both the traditional aristocracy and the king's powerful minister Cardinal Richelieu But despite this dependency these writers and intellectuals maintained a degree of independence and more significantly were the prime movers in crucial cultural developments that are too often identified with royal initiatives For example the author demonstrates that the Académie française founded in 1635 by Richelieu often considered formative in French cultural history was actually more the result of the creative initiatives of these men of letters which the savvy Cardinal only managed to co-opt and turn to the purposes of the crown

Virtue Jan de Jong, 2004 Virtue was ubiquitous in early modern Europe not because everyone behaved well but in the sense that interest in the subject was pervasive and intense In a changing society the widening aspiration to nobility was justified by claims to different kinds of virtue and the theory of virtue was the established way of reassessing accepted human values In Latin based languages and humanist culture certain materially based qualities attributed to the artwork itself eventually became identified as virtuosity and the virtuoso emerged in 17th century Europe as an elite figure with a particular interest in and appreciation of works of art and other objects of virtue This volume brings together a set of essays on the relevance of virtue to Netherlandish art dealing with virtue as a popular subject of visual representation and opening up fascinating links and comparisons between the special qualities accorded to revered works of art with the claims of elite artists and beholders to privileged standing Themes addressed range from a discussion of ways in which Dutch artists and writers adapted courtly and humanist notions of martial virtue to validate still life to an analysis of political and painterly virtue in a mythological painting by Cornelisz van Haarlem from an examination of Goltzius's *Tabula Cebetis* as a representation of artistic virtue to an exploration of the virtues of amateur landscape in the seventeenth century Netherlands The volume also reconsiders the relationship between virtue and *net* and *rouw* painting particularly with reference to the definition of *sprezzatura* in Castiglione's *Book of the Courtier* Or readers can compare Rubens's self identification with virtue through humanist friendship with Jan Brueghel the Elder's reference as a court painter to the virtue and diligence of both his conduct and his art Within a wide range of subject matter and approaches the authors share a commitment to establishing the place of virtue at the heart of Netherlandish art

Götter im Exil Ralph Häfner, 2003 Seit der Frühzeit des Humanismus hatten antike Weissagungen Mythen und Orakel eine beträchtliche Rolle bei der Begründung der Wahrheit der christlichen Religion gespielt Die Entwicklung der kritischen Philologie im konfessionellen Zeitalter zeigt jedoch dass das Wahrheitspostulat in zunehmendem Maße durch eine historische Hermeneutik ersetzt worden ist Argumente für

eine christliche Apologetik waren so kaum noch aus den heidnischen Traditionen ihrer Mythologie und Kosmologie zu gewinnen Dieser bewusste geschichtliche Wandel hat auch das Dichtungsverständnis in unterschiedlichsten konfessionellen und intellektuellen Zusammenhängen geformt Auf der breiten Basis gedruckter und handschriftlicher Quellen die hier erstmals zugänglich gemacht werden greift der Autor die hauptsächlichen Entwicklungslinien auf und rekonstruiert exemplarische Diskussionszusammenhänge innerhalb der europäischen Gelehrtenkultur Vor dem Hintergrund der am intensivsten in den Vereinigten Niederlanden ausgebildeten philologischen Kritik führt das Buch unter anderem zu einem neuen Verständnis von Martin Opitz Dichtwerk und gibt Einblick in die kognitiven Voraussetzungen der Poetik des Konvertiten und vatikanischen Bibliothekars Lucas Holstenius in den Jahren um Galileis zweite Verurteilung Antiquarianismus Astronomie und Sprachforschung der Zeit werden ebenso berücksichtigt wie die Sozialisation frühneuzeitlicher Savants in den Akademien Eingehend wird die Interpretationsgeschichte der sibyllinischen Gesänge analysiert und gezeigt welche Funktion mosaische Kosmologie und die neue Astronomie Keplers innerhalb des Hamburger Gelehrtenzirkels um Barthold Heinrich Brockes und Johann Albert Fabricius am Beginn des 18. Jahrhunderts eingenommen haben

Schriften und Nachlass Johann Joachim Winckelmann, Adolf Heinrich Borbein, 1996 *Schriften und Nachlass: Geschichte der Kunst des Alterthums. T. 1. Text. Erste Auflage Dresden 1764. Zweite Auflage Wien 1776* Johann Joachim Winckelmann, 2007 **The Measure of Greatness** Robert Bradley Scafe, 2005 **The Spoken Word** Adam Fox, Daniel Woolf, 2002 Discusses the transition from a largely oral to a fundamentally literate society in the early modern period During this period the spoken word remained of the utmost importance but development of printing and the spread of popular literacy combined to transform the nature of communication Examines English Scottish and Welsh Oral culture to provide the first pan British study of the subject Covers several aspects of oral culture ranging from tradition to memories of the civil war to changing mechanics for the settling of debts The time span concentrates on the period 1500 1800 but includes material from outside this time frame covering a longer chronological span than most other studies to show the link between early modern and modern oral and literate cultures **Ancient Inscriptions** William Stenhouse, 2002 **The Journal of Philosophy**, 2002 **Romantic Antiquarianism** Christopher Scalia, 2007 **Wolfenbütteler Barock-Nachrichten**, 2002 *Tenso*, 2001 **Heads on Shoulders** Koninklijk Museum voor Schone Kunsten (Belgium), 2008 *Europe 1450 to 1789: Macau to Pope* Jonathan Dewald, 2004 Online version of the 6 volume work published New York Charles Scribner's Sons 2004 **Journal of the Warburg and Courtauld Institutes** Warburg Institute, 2018 *Journal of Roman Archaeology*, 2003 **Choice**, 2001
