suspend credit licenses and for the new regulator be given the power to ban harmful products The Financial Services Bill did little to clarify the way in which the consumer credit market is to be regulated The Committee also wants be certain that the payday loan industry adheres to the highest standards either through the codes of practice that are currently being developed or failing that by the new regulator Regulations also need to be introduced to ensure that debt management companies publish the cost of their debt advice and their outcomes if an agreement cannot be reached during discussions with the industry Furthermore effective auditing of debt management companies client accounts needs to be established The Money Advice Service needs to provide details of its business plan Given that the legal aid budget for such services is being cut by 75% the Minister s assertion that there will be no diminution of face to face debt advice is confusing The Money Advice Service will be up and running by April and yet its remit and in particular its relationship with highly respected brands such as Citizens Advice remains unclear *Electric Vehicle Progress* ,1998 **The work of the Office of Fair**
