MegaWealth Emmy Sobieski,2024-02-27 *MegaWealth* shows you how to map your unique wealth path to join the 25 000 self made families worth over 100 million in the US without needing to come from families with connections to know people or be born in Silicon Valley or NYC The next

MegaWealthy shouldn't just be those who knew someone in New York or Silicon Valley and grew up hearing stories of Wall Street board directors, venture capital, and private equity. You don't need to be from a certain family or region, but you do need to know the paths, start early enough, work hard, and have some talent and luck. You'll be amazed at how much luck and serendipity start flowing your way when you know what to look for and continue to work hard when you are confident in the path you have mapped out for yourself. I have mentored many underprivileged students to millions by age 30, witnessed multiple friends from modest backgrounds make 100 million by age 50, and worked closely for years with five billionaires. I share this mindset and experience with you so you'll build confidence and feel like part of the inner circle. This book shows you the way to MegaWealth, 100 million and beyond, no matter your background. When people think about wealth, they normally think about investing, yet the most important investment isn't a stock. Your most important investment is your career. In this book, I will show you how to multiply your chances at big wealth by architecting your career and investing in one cohesive strategy. After writing *MegaWealth Careers*, the 1 question I got from readers was how to execute on those careers. This book is my answer to this important question. In *MegaWealth*, I show you how to navigate the transitions between the 3Bs: Breaking In, Building Equity, and Breaking Out, and how to build a personal money flywheel, earning simultaneously from building, advising, and investing. *MegaWealth* shows you how to navigate those paths strategically, focusing on making the best choices during the most critical transitions in your career.
