Randolph Keim,2015-07-22 Excerpt from Sheridan s Troopers on the Borders A Winter Campaign on the Plains Civilization extending in opposite directions Westward across the great Valley of the Mississippi and Eastward traversing the auriferous regions of the Rocky Mountains presents two extensive fields of American Industry approximating each other and demanding a more convenient and rapid intercourse Railways and Telegraphs have boldly penetrated the solitude of the Plains and the wild Passes of the Mountains reverberate to the rumble of moving trains The two oceans are already linked together by an Iron Highway The savage alarmed at this new encroachment is ready at any moment for a desperate probably a final effort to drive out the invaders of his hunting grounds Fearful of his future he opposes such encroachments for in them he sees no benefit to the remnant of his race who have taken refuge on the plains and in the mountains The struggle has come to solve for all time the question whether the white or the red man shall prevail in the vast intermediate region between Eastern and Western civilization The exigencies of modern civilization point to the inevitable doom of the aboriginal people of the United States Their savage natures incapable of restraint render them by instinct foes to progress and the cause of humanity As with the buffalo the approach of civilization is to them the knell of destruction As the murderous bullet of the white hunter ruthlessly slaughters the buffalo so the vices of civilization carry off those of the red men who have outlived their kindred About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Sheridan's Troopers on the Border* De B.
