*Murder Most Public* James T. Siburt, 2024-12-02 When Ted Harper one of the wealthiest men in Bedford County Tennessee is shot dead in broad daylight on a Saturday afternoon in the main street of the small railroad town of Buckland Station none of the townspeople including the business associates he was allegedly meeting come forward and admit to hearing or seeing anything At first it appears that the lack of cooperation or evidence will render the crime unsolvable Then the dead man s politically connected family petitions the governor s office for assistance A request is made to the Federal District Judge and he responds by ordering US Marshal Ward Wilkinson and his Deputy Tom Seibert to Buckland Station to discover who killed the man and why The marshals soon learn that Harper had a deserved reputation as a violence prone unethical predator and that those who might have wanted him dead number in the dozens Was this a private quarrel An organized conspiracy Vigilantism Further complicating the marshals task is finding a wanted bank robber and murderer residing in the area The answers the lawmen seek reside in the dark corners of the community behind barriers of long delayed justice hatred and a defiant attitude of justified revenge and the exposure of the well hidden truth might be fatal to anyone disturbing it Ward and Tom will have to overcome these barriers as they work their way through a slew of complex characters and scenarios to find the killer s and bring them to justice

**Crime and Criminal Justice in American**

**Society** Randall G. Sheldon, William B. Brown, Karen S. Miller, Randal B. Fritzler, 2015-06-22 Today's headlines vividly illustrate the importance of understanding aspects of the criminal justice system too often ignored. While the second edition of *Crime and Criminal Justice in American Society* includes the most recent statistics on the police, courts, and corrections, its provocative current examples also spur critical thinking about justice in the United States. The authors offer an alternative interpretation of criminal justice rarely presented in traditional textbooks or by the media. They encourage readers to examine their beliefs about crime, punishment, and the law. Discussions in the chapters about how African Americans, Hispanics, whites, women, juveniles, the rich, and the poor experience crime and the criminal justice system contribute context for understanding different viewpoints. The poor and minorities are the most likely to be caught in the net of criminal justice, but inequities have consequences for everyone. Reflection on various perspectives provides helpful input for assessing attitudes and for becoming actively involved with issues that have significant consequences. Eighteen thoroughly revised chapters present historical backgrounds, theories, and emerging issues. New to the second edition is a chapter on veterans involved in the criminal justice system. Affordable, succinct, and engaging, this textbook presents the key concepts of the criminal justice system at less than half the cost of many competing textbooks.
