Too Funny for Words David Kalat, 2019-04-26 American silent film comedies were dominated by sight gags stunts and comic violence With the advent of sound comedies in the 1930s were a riot of runaway heiresses and fast talking screwballs It was more than a technological pivot the first feature length sound film *The Jazz Singer* 1927 changed Hollywood Lost in the discussion of that transition is the overlap between the two genres Charlie Chaplin Buster Keaton and Harold Lloyd kept slapstick alive well into the sound era Screwball directors like Leo McCarey Frank Capra and Ernst Lubitsch got their starts in silent comedy From Chaplin's tramp to the witty repartee of *His Girl Friday* 1940 this book chronicles the rise of silent comedy and its evolution into screwball two flavors of the same genre through the works of Mack Sennett Roscoe Arbuckle Harry Langdon and others

Victorian House Dorothy Hewlett, 1939 One Night: Sizzling Attraction: Married for Amari's Heir / Damaso Claims His Heir / Her Secret, His Duty Maisey Yates, Annie West, Carla Cassidy, 2018-02-08 **One Night of Consequences** **Hollywood by Hollywood** Steven Cohan, 2019 The backstudio picture or the movie about movie making is a staple of Hollywood film production harking back to the silent era and extending to the present day What gives backstudios their coherence as a distinctive genre Steven Cohan argues in *Hollywood by Hollywood* is their fascination with the mystique of Hollywood as a geographic place a self contained industry and a fantasy of fame leisure sexual freedom and modernity Yet by the same token if backstudio pictures have rarely achieved blockbuster box office success what accounts for the film industry's interest in continuing to produce them The backstudio picture has been an enduring genre because aside from offering a director or writer a chance to settle old scores in branding filmmaking with the Hollywood mystique the genre solicits consumers strong investment in the movies Whether inspiring the movie crazy fan girls of the early teens and twenties or the wannabe filmmakers of this century heading to the West Coast after their college graduations backstudios have given emotional weight and cultural heft to filmmaking as the quintessential American success story But more than that a backstudio picture is concerned with shaping perceptions of how the film industry works with masking how its product depends upon an industrial labor force including stardom and with determining how that work's value accrues from the Hollywood brand stamped onto the product Cohan supports his well theorized and well researched

claims with nuanced discussions of over fifty backstudios some canonical and well known and others obscure and rarely seen

and women of good character who were willing to work hard for a better life And for most so it proved But this book is about
the others the misfits the swindlers the fallen women the love rats the escaped convicts the hoaxers the charlatans the
highwaymen the mass murderers from the earliest days of European settlement to the present day Law Breakers and
Mischief Makers gives the scandalous details of those who ve made a name for themselves in New Zealand for all the wrong
reasons Take for example Charlotte Badger a pistol wielding English thief who launched a mutiny on a Tasmanian convict
ship in 1806 and sailed over to hide among the Maori of the Bay of Islands and Amy Bock a con woman who masqueraded as
a wealthy man to marry the daughter of her landlady in 1909 Some of the people featured in this book are monsters some are
merely rascals but all make fascinating reading A lot of the people featured in it have somewhat disappeared into the mists of
