**Forthcoming Books** Rose Army,2003 American Book Publishing Record ,2003 **Another Mirror for Princes** Suraiya Faroqhi,2008 Shi'ism Etan Kohlberg,2016-12-05 This volume brings together seventeen articles reflecting the wide range of scholarly interest in early Shi'ism over the past half century All major branches of Shi'ism are covered Some studies are historical in nature whether dealing with specific events or offering a broad historical perspective Others focus on literary issues on the development of doctrine or on the relations between the Shi'a and the non Shi'i world The studies have been selected because they represent the best of current scholarship or are classic works with continuing significance six appear for the first time in English translation The editor's introduction reviews the historiography of the field and highlights directions and trends in research and is followed by a bibliography of key further reading Formation of the Classical Islamic World (series on Order) , Formation of the Classical Islamic World , **The formation of the classical Islamic world** [Anonymus AC02450151],1998 *The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition* Aun Hasan Ali,2025-01-23 Against the background of long standing narratives in which Twelver Shi'ism is viewed as fundamentally authoritarian The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition builds upon recent scholarship in the fields of Religious Studies Anthropology and History to argue that Twelver Shi'ism is better understood as a discursive tradition At a conceptual level this solves the basic problem of how to integrate the extraordinary diversity of Twelver Shi'ism across time and space into a single historical category without engaging in a normative assessment of its underlying essence Furthermore in light of this conception of tradition the School of Hillah stands out as a seminal period in the archive of Twelver Shi'ism though it has seldom been recognized as such in European language scholarship Insofar as it gave birth to a conversation that would prove capable of encompassing the dynamism of Twelver Shi'ism the School of Hillah should be considered the formative period of Twelver Shi'i tradition Moreover when the tradition is conceptualized in this manner it is a bulwark against the very authoritarianism by which Twelver Shi'ism has been characterized for so long

**Classical Islam** G. E. von Grunebaum,2017-07-28 In a book written with the poignancy and beauty appropriate to its subject matter the author opens by reminding us that the essence of a society is in a sense identical with its history Classical Islam also serves as a reminder that in the case of Islam despite its triumphs on the fields of battle telling its history is the only way open to us to render that essence accessible and show it from all sides The work offers a grand narrative of a faith that offers an interpretation of the world a way of life and a style of thinking that goes far beyond institutional or political supports The relevance of this historical perspective is beyond dispute The period from 610 A D when Muhammad received his call until the conquest of Baghdad by the Mongols in 1258 is known as the classical period of Islam This was the period of the great expansion of Islam both as a political structure and as a religious and intellectual community It established the base for the development of the high Islamic civilization of North Africa the Near East Persia and India as well as further

During the formative period of Islam in the first centuries after Muhammad's death two particular intellectual traditions emerged Sunnism and Shi'ism Sunni Muslims endorsed the historical caliphate while Shi'i Muslims supporters of Ali cousin of the Prophet and the fourth caliph articulated their own distinctive doctrines The Sunni Shi'i schism is often framed as a dispute over the identity of the successor to Muhammad whereas in reality Sunni and Shi'i Muslims also differ on a number of seminal theological doctrines concerning the nature of God and legitimate political and religious authority This book examines the development of Shi'i Islam through the lenses of belief narrative and memory It also covers a wide range of Shi'i communities from the demographically predominant Twelvers to the transnational Isma'ilis to the scholar activist Zaydis The portrait of Shi'ism that emerges is that of a distinctive and vibrant community of Muslims with a remarkable capacity for reinvention and adaptation grounded in a unique theological interpretation of Islam      [The Articulation of Early Islamic State Structures](#) Fred M.
