The Common EU Maritime Transport Policy Athanasios A. Pallis, 2017-05-15 During the 1990s there were two major developments to the Common EU Maritime Transport Policy CMTP the establishment of European Union policies on safe seas and on shortsea shipping respectively This book critically analyzes and appraises these and other developments to the CMTP in this period while also studying policy Europeanization It focuses on both the economic environment of maritime transport and the interaction of policy makers and organized interests during the policy making process with an emphasis on the political

dimensions By developing an innovative economic model the book examines the ways in which governmental and non governmental policy makers and their ideas interact within the EU s structure and dynamics and shows how these factors account for why when and how the specific common EU policy has developed **Shipping Policies for an Open World Economy** George N. Yannopoulos,1989-01-01 Towards an Open World Economy Hugh Corbet,Trade Policy Research Centre,1972 Research report of a working group on world trade policy contains a general statement and recommendations on industrial tariffs developing country exports trade barriers capital flows agricultural policies institutional framework etc together with background papers on trade liberalization trade negotiation preferential tariffs etc Bibliography pp 171 to 181 and statistical tables Globalisation, Policy and Shipping Selkou, Evangelia,Roe, Michael,2022-10-07 Thoroughly revised and updated this second edition provides a contemporary analysis of policy and governance developments in the shipping sector across the late twentieth and early twenty first centuries It particularly focuses on developments in the EU and the continued intensification of globalisation sustainability and social awareness *Maritime Governance and Policy-Making* Michael Roe,2012-07-20 A close analysis of the framework of existing governance and the existing jurisdictional arrangements for shipping and ports reveals that while policy making is characterized by national considerations through flags institutional representation at all jurisdictions and the inviolability of the state the commercial financial legal and operational environment of the sector is almost wholly global This governance mismatch means that in practice the maritime industry can avoid policies which it dislikes by trading nations off against one another while enjoying the freedoms and benefits of a globalized economy A Post modern interpretation of this globalized society prompts suggestions for change in maritime policy making so that the governance of the sector better matches more closely the environment in which shipping and ports operate *Maritime Governance and Policy Making* is a controversial commentary on the record of policy making in the maritime sector and assesses whether the reason for continued policy failure rests with the inadequate governance of the sector *Maritime Governance and Policy Making* addresses fundamental questions of governance jurisdiction and policy and applies them to the maritime sector This makes it of much more interest to a much wider audience including students researchers government officials and those with industrial and commercial interests in the shipping and ports areas and also of more value as it places the specific maritime issues into their wider context *Maritime Governance and Policy Making* addresses fundamental questions of governance jurisdiction and policy and applies them to the maritime sector This makes it of much more interest to a much wider audience including students researchers government officials and those with industrialand commercial interests in the shipping and ports areas and also of more value as it places the specific maritime issues into their wider context *Maritime Transport* Athanasios A.
