Chronology of the U.S. Navy in World War II Robert J Cressman, 2016-10-15 Ten years after the close of World War II the U S Navy published a chronology of its operations in the war Long out of print the work focused on what were then defined as critical and decisive events It ignored a multitude of combat actions as well as the loss or damage of many types of U S ships and craft particularly auxiliaries amphibious ships and district craft and entirely omitted the U S submarine campaign against Japanese shipping This greatly expanded and updated study now available in paperback with an index goes far beyond the original work drawing on information from more than forty additional years of historical research and writing Massive but well organized it addresses operational aspects of the U S Navy's war in every theater **Kites, Birds & Stuff**
