Shipwrecks Off Juan De Fuca 1st Edition:

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1972 **Uniform Trade List Annual**, 1977 **Alaska Shipwrecks 1750-2015** Captain Warren Good, Michael Burwell, 2018-07-29 ALASKA SHIPWRECKS 1750-2015 is an encyclopedic accounting of all shipwrecks and losses of life in the Alaska Marine environment Compiled and written by Captain Warren Good with research assistance and extensive consultation provided by maritime historian Michael Burwell this book is filled with a wealth of information for those interested in Alaska maritime history and the multitude of associated tragedies Included are details of all known wrecks including vessel information crew member and passenger names locations first hand descriptions of events and sources of all information In addition comprehensive comments by Captain Warren Good further elaborate on the location and disposition of many of the disasters **Ancient Ocean Crossings** Stephen C. Jett, 2017-06-06 Paints a compelling picture of impressive pre Columbian cultures and Old World civilizations that contrary to many prevailing notions were not isolated from one another In Ancient Ocean Crossings Reconsidering the Case for Contacts with the Pre Columbian Americas Stephen Jett encourages readers to reevaluate the common belief that there was no significant interchange between the chiefdoms and civilizations of Eurasia and Africa and peoples who occupied the alleged terra incognita beyond the great oceans More than a hundred centuries separate the time that Ice Age hunters are conventionally thought to have crossed a land bridge from Asia into North America and the arrival of Columbus in the Bahamas in 1492 Traditional belief has long held that earth's two hemispheres were essentially cut off from one another as a result of the post Pleistocene meltwater fed rising oceans that covered that bridge The oceans along with arctic climates and daunting terrestrial distances formed impermeable barriers to interhemispheric communication This viewpoint implies that the cultures of the Old World and those of the Americas developed independently Drawing on abundant and concrete evidence to support his theory for significant pre Columbian contacts Jett suggests that many ancient peoples had both the seafaring capabilities and the motives to cross the oceans and in fact did so repeatedly and with great impact His deep and broad work synthesizes information and ideas from archaeology geography linguistics climatology oceanography ethnobotany genetics medicine and the history of navigation and seafaring making an innovative and persuasive multidisciplinary case for a new understanding of human societies and their diffuse but interconnected development **Threats to Our Ocean Heritage: Potentially Polluting Wrecks** Michael L. Brennan, 2024-05-17 This open access volume focuses on the environmental hazards and cultural significance of Potentially Polluting Wrecks PPWs and how mitigation efforts have assisted in documenting and preserving the history of these sites It is an important resource on the subject of Potentially Polluting Wrecks that synthesizes previously published information that was not academically or scientifically produced This includes numerous international studies of shipwreck databases and threats posed by world war wrecks containing oil and other hazardous materials that could spill This book evaluates these materials and presents new

analyses and investigations with modern technology that assist in locating documenting and remediating polluting wreck sites Consequently this volume calls for increased ocean exploration missions to locate sunken merchant vessels that may pose pollution hazards and site assessments to determine any potential risks This book is of interest to government officials educators archaeologists and practitioners working in the field of underwater archaeology This is an open access book
