Shona Companion A Practical Guide To Zimbabwe:

Shona Companion Desmond Dale, 1972 A practical guide to Zimbabwe's most widely spoken language. It contains detailed sections on adjectives, adverbials, infix and deficient verbs, moods of verbs, parts of speech, comparative and superlative constructions, common suffixes, temporal and consecutive clauses, noun classes, a large vocabulary section, inflection tables and tone conjunctions. A map illustrates the regions in which the language is spoken. **Zimbabwe** Deborah Helen Potts, Deborah Potts, 1993 **Zambezia**, 1994 **Shona Women in Zimbabwe—A Purchased People?** John Chitakure, 2016-09-29 The position and treatment of women in every religion, culture and society have been subjects of concern for a long time. In every society, women fight for their emancipation from exploitive and oppressive patriarchal structures. The most contentious issues include domestic violence, gender discrimination and inequality in the areas of employment, leadership and marriage. Domestic violence tops the list and is the worst enemy of any progressive and democratic society. It dehumanizes, disfigures and demeans its victims and survivors. **Shona Women in Zimbabwe a Purchased People** explores the causes of domestic violence, the cultural practice of bridewealth in particular, and assesses the extent to which it contributes to the proliferation of domestic violence among the Shona people of Zimbabwe. It then explores the Christian traditions, particularly the Roman Catholic Church, in search of resources that can be used to emancipate Shona women from patriarchal subjugation. Finally, the book offers a pastoral response that is informed by the experiences of the Shona women, their cultural resources and the Roman Catholic religious tradition. **Die Kunst des Mbira-Spiels** Gerd Grupe, 2004 'The People You Live With' Carin Vijfhuizen, 2002 Extrait de la couverture Little research has been done in southern Africa that perceives women as strategic social actors who also reproduce and transform everyday life. Carin Vijfhuizen spent two years studying the lives of Ndau women and men in Manesa village in the Chipinge district of Zimbabwe. Using the concepts of practice, power and discourse and an actor-oriented approach, her study combined detailed observations and case studies with situational analysis, informal interviews and group discussions. The result is not only coherent sociology of the village and its irrigation scheme but also a compelling narrative that captures the emotional and psychological texture of people's lives. **Le Shona & les Shonas du Zimbabwe** Michel Lafon, 1995 **A Comparative Study of Bantu Noun Classes** Jouni F. The book proposes Paul's ethics of reconciliation in the Corinthian correspondence as inspiration for social cohesion between the Ndebele and Shona tribes. The volume deploys Pauline key symbols: Christ, the Cross of Christ, Ambassador, New Creation and Baptism as epistemological
