Shootdown Richard William Johnson, 1986 Reconstructie van de vlucht van het Koreaanse verkeersvliegtuig dat op 1 september 1983 in het Russische luchtruim terechtkwam en werd neergeschoten **KAL Flight #007**, 1983 University of Western Australia Law Review, 1989 The Human Factor Archie Brown, 2020 In this penetrating analysis of the role of political leadership in the Cold War s ending Archie Brown shows why the popular view that Western economic and military strength left the Soviet Union with no alternative but to admit defeat is wrong To understand the significance of the parts played by Mikhail Gorbachev Ronald Reagan and Margaret Thatcher in East West relations in the second half of the 1980s Brown addresses several specific questions What were the values and assumptions of these leaders and how did their perceptions evolve What were the major influences on them To what extent were they reflecting the views of their own political establishment or challenging them How important for ending the East West standoff were their interrelations Would any of the realistically alternative leaders of their countries at that time have pursued approximately the same policies The Cold War got colder in the early 1980s and the relationship between the two military superpowers the USA and the Soviet Union each of whom had the capacity to annihilate the other was tense By the end of the decade East West relations had been utterly transformed with most of the dividing lines including the division of Europe removed Engagement between Gorbachev and Reagan was a crucial part of that process of change More surprising was Thatcher s role Regarded by Reagan as his ideological and political soulmate she formed also a strong and supportive relationship with Gorbachev beginning three months before he came to power Promoting Gorbachev in Washington as a man to do business with she became in the words of her foreign policy adviser Sir Percy Cradock an agent of influence in both directions *Air Force Magazine*, 2013
