A Short History of the Labour Party H. Pelling, Alastair J. Reid, 2005-04-01 A Short History of the Labour Party is the classic account of the rise of the Labour Party from its foundation through to Tony Blair's second term as Prime Minister Thoroughly revised and updated it describes the events that led to the inception of the party the role of the trade unions within the party the successes and failures of the twentieth century and the revival of the party's fortunes under Kinnock Smith and then Blair It closes with an analysis of the current crisis that the Party faces over its foreign policy choices since 9 11 including the war in Iraq This book thus provides the essential background for an understanding and appreciation of today's political debates

Evolution of the British Party System Robert C. Self, 2014-07-30 By the end of the nineteenth century reform and development of the British electoral system had inaugurated a new style of mass politics which fundamentally transformed the face of the British party system This book traces the evolution of recognisably modern parties from their roots in the 1880s through half a century of dramatic change in organisational structure electoral competition and constitutional thought In the House of Commons the Labour Party replaced the Liberals as the radical answer to the Conservative Party In the country at large the complex web of Victorian social regional and religious allegiances gave way to a cruder but more dynamic model of modern political loyalties The transformation at Westminster and in the constituencies is surveyed in relation to changes to the franchise including the vote for women class consciousness political organisation and doctrine The comprehensive account explains the varying fortunes of the parties in the face of mass democracy collectivism the First World War and economic uncertainty It also provides a critical insight into the debates and conflicts of

interpretation which surround this pivotal period in British political history **Good for Society** Martin Parsons, 2020-02-20

Good for Society Christian Values and Conservative Politics In Good for Society Martin Parsons has written a book well worthy of its sub title Christian Values and Conservative Politics Good for Society is a robust defence of both our Christian heritage and the Conservative Party Rt Hon Lord Tebbit CH former Chairman of the Conservative Party Secretary of State for Trade and Industry and Secretary of State for Employment This is a magnificent detailed and authoritative examination of the relevance of Christian teaching to today s Conservative Party Even when you do not agree with a deduction you are still challenged Rt Hon Ann Widdecombe former Conservative MP and Shadow Home Secretary Dr Parsons brings together expertise in politics careful biblical study research in Islam and experience of life under the Taliban in Afghanistan He mounts a powerful case for identifying Christian values and view of the world in the development of the laws liberties and institutions of the English speaking peoples He also identifies these values in the approaches of Conservative politics and politicians These must be recovered in order to develop a narrative and values to address the threat of Islamism which seeks to impose sharia both subtly and violently Liberal secularists who might disagree with Dr Parsons need to demonstrate a more convincing case than he presents on all fronts Canon Dr Chris Sugden Oxford Centre for Religion and Public Life Christians in many parts of the world who are influenced by progressivism reject Conservative values on social policy by default They uncritically assume that big government redistribution of wealth and other leftist policies are closer to the teaching of Scripture while capitalism wealth creation individualism and other Conservative values represent greed oppression and injustice Dr Martin Parsons turns this myth on its head Exploring the great philosophical and historical traditions of Conservatism and expounding the teaching of the Bible he demonstrates that Conservatism is firmly rooted in the Judeo Christian worldview Dr Parsons has written the definitive book on Conservatism and Christianity I wish this book were written years ago It would have saved me from years of wandering in the desert of progressivism Rev Dr Jules Gomes theologian and political journalist **Politische Parteien in England** Robert Trelford McKenzie, 2013-03-08

Das Arbeitsfeld dieses Buches ist im Untertitel abgesteckt es unternimmt die eingehende Darstellung der Machtverteilung in den beiden großen Parteien Englands Dieses Buch befaßt sich nicht mit Weltanschauungen und Parteiprogrammen es geht auch nicht auf kleine Parteien ein Die Liberale Partei wurde in den Anhang verwiesen was angesichts ihrer langjährigen Geschichte ungerecht scheinen könnte Aber es läßt sich nun einmal nicht leugnen daß die Liberale Partei bei den Wahlen von 1955 nicht mehr als zwei Prozent der abgegebenen Stimmen und nur ein Prozent der Unterhaussitze erhalten hat Das Parteileben wird in England vor allem dadurch bestimmt daß die Partei entweder an der Regierung ist oder gute Aussicht hat sie eines Tages zu übernehmen Akzeptiert eine Partei die Spielregeln der Parlaments- und Kabinettsregierung dann ist die Aussicht auf die Ausübung der Regierungsgewalt weit ausschlaggebender für die Machtverteilung innerhalb der Partei als irgendwelche Bestimmungen des Parteistatuts Hat aber eine Partei keine Aussicht an die Regierung zu gelangen mit anderen

Worten kann der Parteiführer niemals Premierminister werden und sein engerer Kreis nie ein Kabinett bilden dann ist die innere Struktur der Partei nur von geringem Interesse Aus diesem Grunde beschränkt sich dieses Buch fast ausschließlich mit den bei den großen Parteien in deren Händen seit Jahrzehnten die Verantwortung für die Regierungsgeschäfte lag und wahrscheinlich noch Jahrzehnte lang liegen wird Obwohl ich vor allem die heutige Tätigkeit der Konservativen Partei und der Labourpartei darstellen will habe ich ausführlich auf ihre Geschichte zurückgegriffen
