The Secrets of Lost Cats Nancy Davidson, 2025-10-16 You've seen them Hanging on telephone poles and posted on supermarket bulletin boards But have you ever wondered about the stories behind them When her orange tabby Zak disappeared Nancy Davidson did what countless people before her had done She made a lost cat poster And after days of frantic searching she found him Nancy was ecstatic Zak seemed happy too although being a cat it was hard to tell Zak may have remained his old self but Nancy had changed From that moment on she became acutely aware of lost cat posters She studied their language composition and design She was drawn to their folk art Mostly however she was intrigued by the messages themselves the stories behind the posters It wasn't long before Nancy reached out to other owners of lost and found cats to offer empathy and support They told hilarious and often poignant stories They sought advice That's when Dr Nancy the cat lover and the seasoned therapist stepped in and offered insights brought to light by her shrewd but never self serious analysis What they told her and what she learns creates a captivating look into the heart of our relationships with our pets and each other For seven years Dr Nancy followed the lost cat trail discovering answers to a question that eventually touches all of us What will you do for love The Secrets of Lost Cats traces the evolution of Nancy Davidson's seven year passion for lost cat posters From the astonishing almost implausible posters she encounters across the country and indeed the world to the daring dedication and emotional complexity of the cat owners themselves The Secrets of Lost Cats offers readers an absorbing journey that illuminates love loss and learning to love again even more deeply

A Holmes by Any Other Name Bill Mason, 2019-01-09 Sherlock Holmes is one of the most recognizable and most parodied names in western literature Bill Mason BSI collects and annotates these parody names from the first one that appeared in 1891 to the present day As Mason says in his introduction One of the great aspects of Sherlock Holmes is the fact that just as the character himself is subject to endless variation so is his name Ellery Queen noted that the name itself is particularly susceptible to the twistings and misshapenings of burlesque minded authors Surely Arthur Conan Doyle who struggled a little with what he was going to call his detective hero could not have known just how perfect the name he finally selected Sherlock Holmes would be for parody for rhyme for the transposing of letters and sounds for the substitution of suggestive words in the name of a comic character Mason's listings are an invaluable resource for the Holmsian scholar researcher or for those interested in whiling away a few hours with a delightful and chuckle inspiring volume
