**Shi'ism** ?usain Na?r, Seyyed Hossein Nasr, Hamid Dabashi, Seyyed Vali Reza Nasr, 1988-01-01 This is an anthology of the most significant writing on the doctrinal intellectual and spiritual dimensions of Shicism The works included here foster an interpretive understanding of Shicism in its dogmatic and cognitive aspects The intent of this book is to balance the attention that has been focused on the political aspect of Shicism Shicism is often seen not only as an essentially political phenomenon but as a creed of violence Understanding Shicism in its total reality will encourage a more balanced approach to issues which are viewed mostly politically While not denying the importance of political manifestations this book offers an understanding of the often neglected religious beliefs and spiritual practices of this world community **The Universal Anthology**

Richard Garnett, 1899 Der Islam Carl Heinrich Becker, 1982 **Islam: Religion of Peace?** Mario Alexis Portella, 2018-09-25 Eight hundred years ago St Francis of Assisi embarked on a mission to the port city of Damietta Egypt to try and convert Sultan al Kamil to Christianity While this did not come to fruition both the sultan and the saint were able to have a peaceful dialogue and establish a mutual respect that is absent from the present day polemics of Islam While many today hold that those who seek to create a universal caliphate through acts of terror in the name of Islam falsely represent their religion they ignore the original Islamic texts that inspire these perpetrators The Islamization of our society however does not just come from avowed terrorists but from various Islamic scholars and activists seeking to impose sharia law As a result of the West disavowing its Greco Roman and Judeo Christian roots government officials have catered to such injustices since they consider the petrodollar more valuable than the victims of violence Consequently they have capitulated our rights of free speech and religion to the point of classifying anyone who questions Islamists intentions as an Islamophobe Islam Religion of Peace places Islam in its historical and sociopolitical contexts in order to better understand what has bred the Islamic threat facing today s society as well as how many of our political and church leaders have failed to address the problem thereby creating more instability between both Muslims and non Muslims Author Mario Alexis Portella also proposes solutions whereby both peoples may enter into a meaningful discourse and establish harmony *A Shi'ite Anthology* Muḥammad Ḥusayn Ṭabāṭabā'ī, William C.
