a world where ignorance is king The books and screens are his company while others shun what knowledge can bring His skin is as dark as night but behind his glasses a mind that shines bright Pushing the boundaries of what s deemed cool His uniqueness a powerful tool His passion for tech and all that s new May seem odd to those outside his crew He loves to learn and loves to explore His curiosity an unquenchable lure Many may judge him for his appearance for not conforming to societal clearance But he proudly stands unapologetically black In a world where nerds are never meant to have a knack So

let us cherish the black nerd among us for he represents hope strength and trust A reminder that brilliance transcends race and that knowledge is a universal embrace With grip of steel and arm so strong the hammer wielder works all day long With sweat upon their brow they toil away building and shaping came what may Their hammer strikes the metal true forging pieces both old and new They pound and shape with skill and care Creating works beyond compare The hammer wielder s hands are rough from many days of working tough But their passion never fades away As they shape the pieces they display Every hit of the hammer is a beat that sings of grace and skill so sweet With every blow a new creation Born of hard work and dedication The hammer wielder is an artist bold whose work of art will never grow old For the pieces that create with ease are masterpieces that will always please The Thunder Strike Shockwave of the Power Chisel Electric Sledge *The Internet for Dummies Quick Reference* John R. Levine, Margaret Levine Young, Arnold Reinhold, 1999 Covers everything beginning Internet users need to go online and start using e mail the World Wide Web and other communications tools
