

THE SHORE DIMLY SEEN

Ellis Gibbs Arnall
GOVERNOR OF GEORGIA

*An exciting record of achievement by the South's
greatest leader since the Civil War.*

View of the South through what the nation needs

SB Merriam

Shore Dimly Seen:

Georgia Governors in an Age of Change Harold P. Henderson, Gary L. Roberts, 1988 Beginning with the inauguration of Ellis Arnall as governor in 1943 *Georgia Governors in an Age of Change* traces the gubernatorial leadership of Georgia through four decades chronicling the state's rise from bastion of southern provincialism to a dynamic and progressive state

Home Front Battles Charles C. Bolton, 2024 *Home Front Battles* examines the many effects of World War II economic and military mobilization on the Deep South. It also underscores one of the primary home front battles which began with the passage of the Selective Training and Service Act in 1940 and the creation of the Fair Employment Practices Committee in 1941 banning discriminatory military training and employment practices and making it clear that the federal government would be promoting the ideal of nondiscrimination as part of its wartime mobilization efforts. In the Deep South where race relations were already tense these directives and southern tradition clashed. Current Literature, 1899 The Leisure Hour, 1876 *Letters from New-York* Lydia Maria Child, 1998 Prominent author and abolitionist Lydia Maria Child began writing her letters from New York in August 1841 as a response to the troubling realities marking her private and public life. In particular she was preoccupied by her editorial duties at the *National Anti Slavery Standard* and dismayed by the growing sectarian spirit of antislavery reform. Collected primarily from the pages of the *Standard* her literary essays on women's rights the preaching of African American minister Julia Pell the Crosby Street Synagogue animal magnetism the engineering miracle of Croton Aqueduct and countless other people topics and events capture the breathless and sometimes unsettling transformation of one representative hub of national life. In his general introduction and annotation of the text Bruce Mills reconstructs the biographical and cultural context surrounding the book's publication and documents substantive changes between the *Standard*'s version of the letters and the book form. This edition also includes ten letters that Child chose to omit from earlier editions including essays on the farewell gathering for the Amistad captives at the African Methodist Episcopal Zion Church and the near lynching of British abolitionist George Thompson. Long considered among Child's best writing *Letters from New York* still captivates readers with its moving descriptions of enduring cultural realities. It offers readers a telling glimpse of New York as an emerging urban center and is an invaluable addition to the library of American literature.

From Cotton Belt to Sunbelt Bruce J. Schulman, 1994 *From Cotton Belt to Sunbelt* investigates the effects of federal policy on the American South from 1938 until 1980 and charts the close relationship between federal efforts to reform the South and the evolution of activist government in the modern United States. Decrying the South's economic backwardness and political conservatism the Roosevelt Administration launched a series of programs to reorder the Southern economy in the 1930s. After 1950 however the social welfare state had been replaced by the national security state as the South's principal benefactor. Bruce J. Schulman contrasts the diminished role of national welfare initiatives in the postwar South with the expansion of military and defense related programs. He analyzes the contributions of these growth oriented programs to

the South's remarkable economic expansion to the development of American liberalism and to the excruciating limits of Sunbelt prosperity ultimately relating these developments to southern politics and race relations. By linking the history of the South with the history of national public policy, Schulman unites two issues that dominate the domestic history of postwar America: the emergence of the Sunbelt and the expansion of federal power over the nation's economic and social life. A forcefully argued work, *From Cotton Belt to Sunbelt* originally published in 1991, Oxford University Press will be an important guide to students and scholars of federal policy and modern Southern history.

The Politics of Change in Georgia Harold P. Henderson, 1991. This biography of Ellis Arnall follows the life and political career of the former governor from his rural Georgia upbringing through his service as state representative, attorney general, and governor to his subsequent political exile. Arnall assumed the governorship of Georgia in 1943, becoming the youngest person in the United States ever elected to that position. In his single term, 1943-1947, he initiated a series of remarkable reforms that elevated Georgia above its Tobacco Road image and stood it alongside North Carolina, then the South's most progressive state. Unlike most of his colleagues, Arnall refused to play it safe in the state's political arena. Though still a segregationist and a traditionalist in many ways, Arnall had no patience for provincialism and cared deeply about Georgia and how it was viewed by the rest of the nation. Boldly confronting the demagoguery of his predecessor Eugene Talmadge, Arnall, who called himself a democrat with a small d, united the state's liberal and conservative factions to deliver the promise of the New South to all of Georgia's citizens: biracial voting, government reform, economic development, and an improved standard of living. So sweeping and farsighted were Arnall's accomplishments that to a great extent the structure of Georgia's present-day government evolved under his guidance and has changed little since. In 1985, a Georgia Association of Historians survey ranked Arnall's leadership, responsiveness to issues, and national reputation the highest among governors who served from 1943-1983. Successful as it was, his career begun a decade earlier in the state house of representatives was cut short. Many Georgians felt that Arnall was too liberal and worse that he had catered to the national media, enhancing his own image by discussing the state's problems with outsiders. By Arnall's own estimation, his political career ended when he decided to abide by a 1945 federal court decision that invalidated Georgia's white voters only primary elections. Arnall left politics in 1947, returning briefly in 1966 for a spirited but unsuccessful primary bid for governor. Written with Ellis Arnall's full cooperation and filled with fascinating details of the final days of Old South politics, this book recounts the political career of one of the region's most accomplished and energetic leaders. *The Politics of Change in Georgia* is based on the former governor's speeches and public writings, critical and supportive newspapers, accounts, and interviews both with Arnall and with other prominent Georgians such as Herman E. Talmadge, S. Ernest Vandiver Jr., Lester G. Maddox, Carl E. Sanders Jr., James H. Gray Sr., Howard H. Callaway, and Ivan Allen Jr.

Book Review Digest Leslie Dunmore-Leiber, 1976 *Practitioners' Journal*, 1946 **Bunte Skizzen aus den Vereinigten Staaten von Amerika zur besseren Kenntniss und Beurtheilung amerikanischer Verhältnisse und**
