Vande Kappelle, 2010-09-01 In 1989 Dr Robert Vande Kappelle cycled solo ,1997 cross country The 3 400 mile trip was the seed project for the Washington County Pennsylvania chapter of Habitat for Humanity For forty two days he went Homeless for Habitat placing himself and his personal needs in the hands of strangers he met along the way At the beginning he cycled across some of the most mountainous and spectacular terrain in America After he crossed the Rockies a nagging headwind arose which only intensified with time That coupled with a deteriorating bicycle along one of the most desolate stretches of the journey produced spiritual testing of epic proportions He was tempted to compromise the integrity of the trek then to guit the trek and finally to curse his circumstances. He sensed he was climbing an invisible mountain whose top could not be reached After venting his anger and frustration he discerned that tailwinds and flat terrain rarely evoke wisdom Insight flows freely however from the watershed atop life s invisible mountains The Invisible Mountain narrates the account of that trek The story examines the trek as adventure spiritual odyssey and as metaphor for the journey of life In the words of Millard Fuller co founder of Habitat for Humanity International and The Fuller Center for Housing Ride with Bob Vande Kappelle as you read You will enjoy the trip and you will gain all sorts of insights and perhaps most importantly you will learn about yourself and grow spiritually as you experience vicariously the wonderful adventure of One Breath Adam Skolnick, 2016-01-12 Telling the unforgettable story of America's greatest this journey of faith Freediver One Breath is a gripping and unforgettable read for anyone captivated by Netflix's The Deepest Breath Competitive freediving a sport built on diving as deep as possible on a single breath tests the limits of human ability in the most hostile environment on earth The unique and eclectic breed of individuals who freedive at the highest level regularly dive hundreds of feet below the ocean's surface reaching such depths that their organs compress light disappears and one mistake could kill them Even among freedivers few have ever gone as deep as Nicholas Mevoli A handsome young American with an unmatched talent for the sport Nick was among freediving s brightest stars. He was also an extraordinary individual one who rebelled against the vapid and commoditized society around him by relentlessly questing for something more meaningful and authentic whatever the risks So when Nick Mevoli arrived at Vertical Blue in 2013 the world's premier freediving competition he was widely expected to challenge records and continue his meteoric rise to stardom Instead before

the end of that fateful competition Nick Mevoli had died a victim of the sport that had made him a star and the very future of free diving was called into question With unparalleled access and masterfully crafted prose One Breath tells his unforgettable story and of the sport which shaped and ultimately destroyed him American Book Publishing Record ,2000 The Publishers Weekly ,2000 Hikes and Bike Rides: For the Delaware Valley and South Jersey Bert Nixdorf,1976
