Le Principe de Proximité dans le Droit international privé contemporain General course on private international law Paul Lagarde In the introduction to his general course on private international law Paul Lagarde Professor at the University of Paris I points out that private international law can be considered as a law of connections the most important question being that of the legal basis of the connections retained The author points out that in this respect there is at least one point of almost general agreement the affirmation of the necessity to arrive at a reasonable regulation of the heterogeneous legal relationship From there on the paths begin to diverge separating notably the followers of Savigny on the one hand from the adepts of the American revolution on the other hand Nevertheless the idea that a legal relationship must be governed by the law of the country with which it maintains the closest connection and that it must be attached as much as possible to the nearest court of jurisdiction has been established in western Europe This is what the author calls the principle of proximity The author first of all examines this principle of proximity relating to conflict of laws before paying attention to conflicts of jurisdiction Choice of Law and Choice of Forum in Transnational Transfer of Technology Transactions Stanislaw Soltyski The objective of this course on Choice of Law and Choice of Forum in Transnational Transfer of Technology Transactions by Stanislaw Soltyski professor of the University Mickiewicz in Poznan is twofold First of all he analyses recent legal developments in the relevant fields on the basis of examples drawn from the systems of developed and developing countries The second objective of this course is to identify real socio economic rationales behind conflicting legal solutions Professor Soltyski devotes the first chapter to choice of laws and notably to its limitations and the second chapter to the choice of forum The Juridical Basis of a New International Order Rafael Caldera In his lecture given in The Hague on July 8th 1896 Rafael Caldera former president of Venezuela develops the topic of the juridical basis of a new international order that while promoting social justice will guarantee peace Recueil Des Cours, Collected Courses 1965 Academie De Droit International De La Ha, 1968-12-01 The Academy is a prestigious international institution for the study and teaching of Public and Private International Law and related subjects The work of the Hague Academy receives the support and recognition of the UN Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law The courses deal with the theoretical and practical aspects of the subject including legislation and case law All courses at the Academy are in principle published in the language in which they were delivered in the Collected Courses of the Hague Academy of International Law **Recueil des Cours: Volume 73 (1948/Ii)** Academie de Droit International de la Haye, 1968-12-31 Recueil Des Cours, Collected Courses, Tome/Volume 330a (Index Tomes/Volumes 321-330) Académie de Droit International de la Ha, 2016-02-22 From the contents 0Index by volume of the courses Index of authors of courses Alphabetical index of French courses Alphabetical index of English courses Appendix I Presentation of the
