Treating Complex Trauma in Children and Their Families Cheryl B. Lanktree, John N. Briere, 2016-01-04 This is a must read for clinicians who help traumatized children and their families Lanktree and Briere have developed and tested an accessible integrated assessment driven model that recognizes the ample impact of trauma on young children in different social contexts A valuable alternative to rigidly manualized treatments this book relies on clinical judgment and customized planning Eliana Gil Gil Institute for Trauma Recovery and Education One of the few books on the treatment of psychological trauma in children that provides specific in depth individual group and family therapy interventions for complex psychological trauma this

practical book focuses on the treatment of 6-12 year old children and their family members. The authors employ an evidence based yet flexible and individualized treatment model: Integrative Treatment of Complex Trauma for Children (ITCT-C) as they address the use of play therapy and other expressive approaches, attachment processing, multi-target titrated exposure, mindfulness techniques, psychoeducation and affect regulation skill development as well as interventions with family caretaker and community systems. The authors emphasize a culturally sensitive and empowering perspective one that addresses the effects of social marginalization and supports not only recovery but also posttraumatic growth. Clinical examples and specific tools such as the Assessment Treatment Flowchart (ATF-C) illustrate how assessment can be used to guide individualized and developmentally appropriate interventions. California School of Professional Psychology Handbook of Multicultural Education, Research, Intervention, and Training California School of Professional Psychology (Los Angeles, Calif.), 2002-04-18 From the prestigious California School of Professional Psychology comes a definitive and indispensable resource. Drawing on the most current research and practice in the field, The Handbook of Multicultural Education: Research, Intervention, and Training is a comprehensive volume that addresses critical issues such as culturally responsive education, culturally infused clinical training, culturally competent faculty, qualitative research in multicultural studies, working with culture in psychotherapy, racial identity, attitudes, conceptualizing wellness in multicultural populations, and many other key topics in the on-going effort to create educational, social service, and mental health systems which truly reflect our society.
