## Perilous Kibes:

**The Battle of Neuve Chapelle** Geoff Bridger,1998-08-12 A history of the World War I engagement between British and German forces in northern France and a visitor's guide to the battlefield site Neuve Chapelle a lost battlefield is now opened up for the explorer to learn more about the actions that took place there In early 1915 the British decided to take the offensive for the first time in the war against German positions in Northern France The initial objective was a bulge about one mile across in their lines at Neuve Events which took place here early in 1915 are described in detail and show why this almost forgotten battle set the course of the war Mad Empress of Callisto Lin Carter,2019-11-07 Jandar the alien

abducted by the mad Tharkolian princess Zamara and taken prisoner in the Scarlet City along with his devoted companion Ergon and beloved Darloona effects a daring celestial escape But freedom proves more terrifying than the most heinous captivity when they find themselves adrift in the skies of the great monstrous ghastozar enslaved by the barbaric arthropods of the Yathoon Horde and at the fiendish mercy of an insidious Kuurian Mind Wizard determined to snare them in a macabre and horrifying web of death **Works** Edith OEnone Somerville,1891 Naboth's Vineyard Edith OEnone

Somerville,Martin Ross,1891 **Forward Air Bases in Europe from D-Day to the Baltic** Trevor Stone,2024-01-18 The largely sea borne invasion of Northern France in June 1944 Operation Overlord is acknowledged as one of the key actions which hastened the end of the Second World War The RAF played a vital part in the landings It then supported the subsequent advance of Montgomery's 21st Army and the Allies as a whole through France Belgium Holland and into Germany Following the breakout from the Normandy bridgehead in early August 1944 the RAF's Second Tactical Air Force moved forward in support of the troops occupying a number of temporary airfields as it went The ground support for this operation was complex a situation that was exacerbated by the fact that much of it had to be highly mobile The advance however was rapid and soon ran into problems as the supply lines grew longer by the day The planners had envisaged that capturing the Belgian port of Antwerp would eventually enable them to bring in vitally needed supplies much further north on the Continent Although the city and its port were liberated in September 1944 the port's route to the sea along the River Scheldt was still controlled by German forces It took nearly three months until this was resolved and the port opened for business Until then in the RAF's equivalent of the US Army's famed Red Ball Express it was some 300 miles by road from Normandy with the Second Tactical Air Force largely reliant on the Army for transporting its needs For an air force needing large volumes of fuel and ammunition demand soon began to outpace supply A number of emergency measures were put in place to keep the aircraft operational which saw the RAF resorting to the use of its heavy bombers to fly in supplies Even when Antwerp was up and running supplying the Second Tactical Air Force remained a hand to mouth affair right through until the enemy's surrender in May 1945 In **Forward Air Bases in Europe from D Day to the Baltic** the author explores the challenges of supporting a mobile air force in those uncertain days as Hitler's forces were retreating to their homeland As

the Allies found things can go badly wrong when thinking loses touch with the art of the possible logistics In the end miraculously it worked but it was a close run thing
