Portfolio An Architecture Students Handbook:

The Portfolio Igor Marjanovic, Katerina Rüedi Ray, Lesley Naa Norle Lokko, 2003-05-09 The portfolio is the single most important part of every architectural student's education. This book provides a complete guide to preparing, compiling, and presenting this crucial element of the architecture course. The experienced author team gives practical advice for the creation of the portfolio, covering issues of size, storage, layout, and order. They go on to guide the student through the various forms a portfolio can take: the Electronic Portfolio, the Academic Portfolio, and the Professional Portfolio, suggesting different approaches and different media to use in order to create the strongest portfolio possible. The team also presents the best examples from international student portfolios to show the reader their recommendations in practice. The book has a companion website where full colour representations of the best examples of portfolio work can be accessed. Also in the Seriously Useful Guides series: *The Dissertation*, *The Crit*, *Practical Experience*. *The Portfolio* Igor Marjanović, Katerina Rüedi, Lesley Naa Norle Lokko, 2005

The Design Student's Handbook Jane Bartholomew, Steve Rutherford, 2015-07-17 What is design? What are the main design disciplines and how do they interrelate? How does design theory and context help you improve your studio work? What do you need to know by the end of your course to get a good career? What can you do to become a knowledgeable designer and improve your skills so that you stand out from the crowd? Whether you are already studying design, thinking about choosing a course, or are well on your way to finding your first job, this essential and uniquely comprehensive book will introduce you to the world of design and support you throughout your studies and on into the industry. Key features: Develops your core skills and supports you in making the most of your studies. Describes the multi-disciplinary design world by exploring the various design disciplines: graphics, fashion, and textiles, three-dimensional design, craft, spatial, interactive media, and theatre, film, and television. Contains crucial practical information so you're ready for your career placements, working with industry, and self-employment, networking, job seeking, and how to succeed in your own business. Covers the key practical, theoretical, and cultural fundamentals of design to help you understand and inform your practice. Chapters on creativity and innovation, history, culture, and context, how to communicate design, colour theory, aesthetics, and how to design with ethical, social, and responsible considerations. Comprises chapters written by designers and lecturers, all experts in their fields. Includes stories, career profiles, and first-hand quotes by students, established designers, and industry specialists exploring what it's like to study and to work in the design industry today. Identifies important books and websites for further reading. *The Design Student's Handbook* will guide you along the road to a successful and fulfilling career and is an essential text for studying any of the design disciplines.

Design Portfolios Dianne Bender, 2008-02-05 Students in the disciplines of architecture, interior design, and landscape design have always created traditional portfolios which include all their projects in the form of physical objects that can be held and evaluated during an interview. With advances in technology, a digital version of the portfolio is becoming increasingly popular, but how does a student create one?

And more important how is it best utilized during an interview Design Portfolios addresses these questions moving beyond the simple checklist of skills and accomplishments that a portfolio should showcase Quotations from practicing designers reinforce the author's guidelines for creating maintaining and presenting both traditional and digital portfolios This book teaches students how to use their portfolios as a marketing tool for the most important thing they will ever sell themselves Features Quotes from approximately 100 practicing architects interior designers and landscape architects from across the United States Presents a 4 step process of gathering and organizing the contents of a portfolio for the best effect Utilizes work of undergraduate and graduate design students to model successful portfolios Shows how to customize a portfolio for specific customers Offers tips for the job hunt preparation of a powerful r sum and interview strategies Instructor's Guide provides suggestions for planning the course and using the text in the classroom
