Guide-book to the Soviet Union Sándor Radó,1928 *The View from the Vysotka* Anne Nivat,2004-02-21 Completed shortly before Joseph Stalin s death in 1953 the vysotkii or sky houses still dominate the Moscow skyline today Seven in all they were the Soviet answer to the American skyscraper transforming the Soviet capital from a feudal backwater into the city of the future With their soaring towers and gothic architectural details the vysotkas were intended to be enduring monuments to the workers state and to the glories of Communism though they were built on the backs of slave laborers and initially the prerogative only of the Soviet elite Now these imposing giants lie on the fault line between a world that has vanished and one still emerging from its ruins When she moved to Moscow several years ago journalist and Russia expert Anne Nivat settled into one of the vysotkas the one that happens to overlook the Kremlin She became fascinated by the building and learned everything she could about its history As she got to know her neighbors and fellow tenants Nivat discovered that they included some of the building s original inhabitants or their descendants hand chosen by Stalin and his henchman Lavrenti Beria arrested and executed for high treason shortly after Stalin s death KGB operatives Bolshoi ballerinas and artists of Soviet agitprop Living side by side with them were representatives of the new Russia entrepreneurs foreign investors and oligarchs as any Moscow real estate agent will tell you Stalin era buildings in today s market are some of the most coveted addresses in the city By means of this decaying but still elegant Soviet icon Nivat gives us a way of grasping the complexities of a country struggling to come to terms with its past and define its future She allows the tenants of her vysotka to speak for themselves to offer their perspectives on where Russia has been and where it is going Some are keenly nostalgic for the days when the State dictated life Others have prospered in the confusion that has reigned since the Evil Empire s fall and look to a market driven economy to guide Russia to the Promised Land Still others fall someplace between the two anxious but hopeful longing for yet also fearful of change Taken together the portraits of the vysotka s inhabitants provide a panorama of Russia today *The View from the Vysotka* shows us life from the inside evoking both the forces that have swept through this vast and fascinating nation over the course of the last half century as well as a n0

building that has managed to endure them Picture Post ,1945 **The Film Daily Year Book of Motion Pictures** ,1938

Art of the Soviet Union Rena Lavery,Ivan Lindsay,2018 The books will showcase the best paintings and sculptures of the period and present rarely seen gems from provincial museums and museums of former Soviet republics Each book opens with an expert article on the subject Images are organised in chronological order displaying a wide variety of artistic styles from Impressionism and Post Impressionism to Socialist Realism Severe Style and Neorealism Bowker's Complete Video Directory ,1998 ,1998 Film Year Book ,1938 *Nine Soviet Portraits* Raymond Augustine Bauer,Edward Wasiolek,1965 The raw material for these vignettes came from hundreds of interviews with Soviet refugees conducted by the Harvard Refugee Interview Project in 1950 1951 These data were later supported by work at the Harvard Russian Research Center and at the M I T Center for International Studies and from information from the Soviet press These nine Soviet portraits are of role types of Russians in the middle ranks of Soviet society in the post war era Dr Bauer believes that this is the crucial group to examine in order to appreciate the problems of social control in the Soviet Union Members of this group respond to a pattern of more limited incentives and personal motives At the same time the contributions of these people are of first importance to the functioning of the Soviet system and the degree of skill required of them is considerable *Nine Soviet Portraits* is a study of how these individuals live in a totalitarian society of the mechanisms of accommodation which they adopt in an almost impossible situation This book introduces to the general reader some of the basic social and psychological dynamics of Soviet society Not all of the characters or the concepts in this volume will be foreign to the reader The reader will discover many familiar personalities and situations in these sketches The Soviet Union is a modern industrial society and all industrial societies have features in common This is what makes *Nine Soviet Portraits* such fascinating reading it gives compelling insights into the men and women who live behind the Iron Curtain and the social and psychological dynamics which motivate them and offers an unusual perspective in which to view our own society *Cable Vision* ,1988 **Current History** ,1929
