The End of Autumn Michael Oriard, 2023-12-11 Much of Michael Oriard's education took place outside the schoolroom of his native Spokane Washington during slaughter practices on high school football fields He was taught to punish and dominate to rouse his school spirit with religion and to tough it through injuries even serious ones At the age of eighteen he entered Notre Dame and walked onto the football team where studying hard was never harder By his senior year playing for Ara Parseghian's Fighting Irish he was the starting center and co captain of the team After graduating he signed with the Kansas City Chiefs and head coach Hank Stram There he learned what it meant to be owned He rediscovered the game as it was played by grown men with families who were still treated like children and who dreaded nothing more than the end of their football careers And without their fully realizing the consequences every hard tackle inflicted its injury some gradually growing into chronic conditions some suddenly cutting a player's career short and ushering him off the field to be soon forgotten In this thoughtful narrative Oriard describes the dreams of glory the game day anxieties the brutal training camps and harsh practices his starry eyed experience at Notre Dame and the cold blooded business of professional football Told from the inside the book leaves aside the hype and the pathos of the game to present a direct and honest account of the personal rewards but also the costs players paid to make others rich and entertained Originally published in 1982 *The End of Autumn* recounts the experiences of an ordinary player in a bygone era before ESPN before the Bowl Championship Series before free agency and million dollar salaries for NFL players In a new afterword Oriard reflects on the process of writing the book and how the game has changed in the thirty years since his retirement from football at the age of twenty six

The Greatest Minor League Dennis Snelling, 2019-02-06 In 1903 a small league in California defied Organized Baseball by adding teams in Portland and Seattle to become the strongest minor league of the twentieth century Calling itself the Pacific Coast League this outlaw association frequently outdrew its major league counterparts and continued to challenge the authority of Organized Baseball until the majors expanded into California in 1958 The Pacific Coast League introduced the world to Joe Vince and Dom DiMaggio Paul and Lloyd Waner Ted Williams Tony Lazzeri Lefty O'Doul Mickey Cochrane Bobby Doerr and many other baseball stars all of whom originally signed with PCL teams This thorough history of the Pacific Coast League chronicles its foremost personalities governance and contentious relationship with the majors proving that the history of the game involves far more than the happenings in the American and National leagues

Life Is a Donner Party #2 Tarry Stools, 2022-09-12 I didn't go looking for a fight Just a little sunshine I had intended to go to the university but I got a different education entirely When a kid from the city lands in Humboldt County California the locales put on a show essentially resulting in murder When values clash common sense goes out the window A high tech murder is sanctioned by law enforcement as the culture grapples with its identity Culturally we learn from each other We take from each other Life is a Donner party

Science Sifting: Tools For Innovation In Science And Technology Janice M Dietert, Rodney R

Dietert,2013-05-20 Science Sifting is designed primarily as a textbook for students interested in research and as a general reference book for existing career scientists The aim of this book is to help budding scientists broaden their capacities to access and use information from diverse sources to the benefit of their research careers The book describes why the capacity to access and integrate both linear and nonlinear information has been an important historic feature of pivotal scientific breakthroughs Yet it is a process that our students are rarely if ever taught in universities This book goes beyond simply describing the features of great scientific breakthroughs It discusses the basis for accessing and using nonlinear information in the linear research context It also provides a series of tools and exercises that can be used to enhance access to nonlinear information for application to research and other endeavors Topics covered include focal points in scientific breakthroughs the use of concepts maps in research use of different vantage points information as patterns fractals for the scientist memory storage and access points and synchronicities Young researchers need useful tools to help with a more holistic approach to their research careers This book provides the useful tools to support flexibility and creativity across a long term research career Roald Hoffmann Winner of the 1981 Nobel Prize in Chemistry has contributed the to Science Sifting More information on Professor Hoffmann can be found at [Basketball in Japan](#) Aaron L. Miller,2024-08-20 Through a study of basketball in Japan this book aims to help readers better understand the historical formation and contemporary reformation of cultural identity in Japan This reformation includes the process of reconciling the perceived differences between basketball in Japan and basketball in the West the process of reconciling how perceptions of one s body are shaped in a globally interconnected society the process of reconciling what it means to be a modern man and the process of reconciling what it means to be Japanese in a nation that is increasingly multicultural In other words basketball in Japan matters not only because it has for too long been over simply labelled as a minor sport but also because it is much more than a game Examining the real and symbolic power which sport has on Japanese culture and even in some instances the state this book will be a valuable resource for scholars and students of Japanese culture and society and the sociology of sports **The Savvy Guide to**
