Memos Today Box Office Last 90 Days:

How Pop Culture Shapes the Stages of a Woman's Life Melissa Ames, Sarah Burcon, 2016-03-15 Contemporary popular culture has created a slew of stereotypical roles for girls and women to willingly or not play throughout their lives The Princess the Nymphette the Diva the Single Girl the Bridezilla the Tiger Mother the M I L F the Cougar and more In this book Ames and Burcon investigate the role of cultural texts in gender socialization at specific pre scripted stages of a woman's life from girls to the golden girls and how that instruction compounds over time By studying various texts toys magazines blogs tweets television shows Hollywood films novels and self help books they argue that popular culture exists as a type of funhouse mirror constantly distorting the real world conditions that exist for women magnifying the gendered expectations they face Despite the many problematic conflicting messages women receive throughout their lives this book also showcases the ways such messages are resisted allowing women to move past the blurry reality they broadcast and toward hopefully gender equality

Invented Religions Carole M. Cusack, 2016-05-06 Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation
