Sexuality Of Organization

**Edward O. Laumann, Stephen
Ellingson, Jenna Mahay, Anthony Paik**

Sexuality Of Organization:

'Sex' at 'work' Jeff Hearn, Wendy Parkin, 1987 **The Sexual Organization of the City** Edward O. Laumann, Stephen Ellingson, Jenna Mahay, Anthony Paik, 2005-11-21 We think of the city as a place where anything goes Take the sensational fantasies and lurid antics of single women on *Sex in the City* or young men on *Queer as Folk* and you might imagine the city as some kind of sexual playground a place where you can have any kind of sex you want with whomever you like anytime or anywhere you choose But in *The Sexual Organization of the City* Edward Laumann and company argue that this idea is a myth Drawing on extensive surveys and interviews with Chicago adults they show that the city is to the contrary a place where sexual choices and options are constrained From Wicker Park and Boys Town to the South Side and Pilsen they observe that sexual behavior and partnering are significantly limited by such factors as which neighborhood you live in your ethnicity what your sexual preference might be or the circle of friends to which you belong In other words the social and institutional networks that city dwellers occupy potentially limit their sexual options by making different types of sexual activities relationships or meeting places less accessible To explain this idea of sex in the city the editors of this work develop a theory of sexual marketplaces the places where people look for sexual partners They then use this theory to consider a variety of questions about sexuality Why do sexual partnerships rarely cross racial and ethnic lines even in neighborhoods where relatively few same ethnicity partners are available Why do gay men and lesbians have few public meeting spots in some neighborhoods but a wide variety in others Why are African Americans less likely to marry than whites Does having a lot of friends make you less likely to get a sexually transmitted disease And why do public health campaigns promoting safe sex seem to change the behaviors of some but not others Considering vital questions such as these and shedding new light on the city of Chicago this work will profoundly recast our ideas about human sexual behavior **The Sexuality of Organization** , 1989 [Gender, Sexuality and Violence in Organizations](#) Jeff Hearn, Wendy Parkin, 2001-07-05 This exceptionally interesting study provides an up to date and integrated perspective on organizations violence gender and sexuality It pays particular attention to the power wielded by hierarchies of heterosexual men and the ways in which this produces violence in different carefully analyzed forms This book is a major contribution to the construction of sociological and political knowledge that is not founded on the dominant definitions of heterosexual masculinities Professor Terrell Carver University of Bristol This is a wide ranging and authoritative book The authors draw attention to the huge amount of evidence now available that documents the gendering and sexualising processes at the core of organisational life While they never nag about violation and inequality they are nonetheless relentless in confronting the reader with the weight of evidence Professor Rosemary Pringle University of Southampton This book brings together the themes of gender sexuality violence and organizations The authors synthesize the literature and research which has been done in these fields and provide a coherent framework for understanding the interrelationship between these concepts The importance of violence

and abuse and particularly men's violence to women children and other men has been well established especially through feminist and some pro feminist research The insights of this scholarship have rarely been applied to organizational analysis The authors draw on this literature and their own research as well as relevant literatures on safety and risk at work anxiety and stress at work organizational policies on violence sexual harassment and bullying in organizations and male sexuality to provide valuable information on violence in and around organizations Gender Sexuality and Violence in Organizations breaks new ground in organization studies and will be essential reading for academics and students in both organization studies and all those studying issues of gender and sexuality in organizations **Sex at Work** Jeff Hearn, Wendy Parkin, 1995 Discusses sexuality and power in the context of the organization and the workplace Part I introduces key concepts and contributions in the study of sexuality and organizational life Part II focuses on questions of power and dialectics Part III describes the paradoxical occurrence of the qualities of organization and sexuality This revised edition Sex, Work and Sex Work Joanna Brewis, Stephen Linstead, 2003-09-02 This fascinating and controversial new book explores the concept that not only does sexuality pervade every aspect of organizations but also that organization pervades every aspect of our sexuality

Revisiting Organization Theory Regine Bendt, 2005 This book deals with organizational discourse and its gender subtexts The two main research questions guiding this book are first according to what notions and patterns are males and females re produced within organizational texts and more crucially according to what gender subtext is organizational discourse re framed Second how does this gender subtext discourse influence change and transform organizational discourse and contribute to the development of a new field or space for organizational research that transgresses mainstream disciplinary borders In pursuing these questions deconstructively this book stresses on the processes and patterns according to which organizational discourse and thus of course organizational scholars re produce gender **Sex and Sexuality** Richard D. McNulty, M. Michele Burnette, 2006 This three volume overview and summary of research data on a wide variety of sexual topics attempts to review what is known about human sexuality and how we know it *The Supreme Court* Peter Charles Hoffer, William James Hoffer, N. E. H. Hull, 2007 For more than two centuries the U S Supreme Court has provided a battleground for nearly every controversial issue in our nations history This veteran team of talented historians produces the most readable astute and up to date single volume history of this venerated institution **The Relationship Between Adaptation to Disability, and Sexual and Body Esteem in Women with Polio** Barbara Ann Barton, 2005 The Principles and practice of medical jurisprudence v. 2 Alfred Swaine Taylor, 1873 **The Principles and Practice of Medical Jurisprudence** Alfred Swaine Taylor, 1873 Therapeutic Suggestion in Psychopathia Sexualis (pathological Manifestations of the Sexual Sense) Albert Schrenck-Notzing, 1895 The Library Magazine, 1886 *The Question of Rest for Women During Menstruation* Mary Putnam Jacobi, 1877 The Sense of Beauty George Santayana, 1896 *Difference Matters* Brenda J. Allen, 2004 Aimed at students of organizational communications this text separates the concept of socially

constructed identity from its theoretical underpinnings to discuss communications between different categories of identity
Allen U of Colorado Denver takes categories of difference gender race class sexuality age and ability in turn to remind her
students that each matters despite the traditions of prejudice Each chapter includes questions for reflection Annotation 2004
Book News Inc Portland OR booknews com **Sexualizing the Social** Lisa Adkins,Vicki Merchant,1996-06-12 Sociologists
are increasingly aware that analyses of social life must include a consideration of how the social may be structured by the
sexual In turn this insight is contributing to a shift in understandings of sociology This volume drawn from papers from the
1994 British Sociological Association Annual Conference on Sexualities in Social Context brings together a range of writers
who are contributing to this exciting new agenda Various aspects of social life including employment family life
representations politics identities and the workings of the law are considered in terms of how sexuality shapes their
organization and they shape sexuality In so doing a series of ongoing and new controversies and debates are confronted from
the relationship of feminism to prostitution to the constitution of the self in late modernity *Sexuality and Organizational
Analysis* Joanna Brewis,2014 **A Practical treatise on the diseases of infancy and childhood** Thomas Hawkes
Tanner,1871
