

CRITERIA CALCULATED IN U.S. NEWS COLLEGE RANKINGS

In 2024, the U.S. News and World Report revealed modifications to the criteria and methodology for its annual college rankings. The latest rankings now prioritize social mobility for students, allocating 2.5% of an institution's score to first-generation graduation rate performance and 5% to manageable borrower's debt. These adjustments represent increases from the criteria used in previous years.

Some of the most significant criteria considered in 2024 and the comparison to the 2022-2023 weighting are as follows.

Peer Assessment

Graduation Rates

Financial Resources per Student

Faculty Salaries

Standardized Tests

*The two different percentages represent 2024 National Universities Weight for Schools With Usable SAT/ACT and 2024 National Universities Weight for Schools Without Usable SAT/ACT, respectively.
