Law Update Jonathan Ingber, 2020-08-27 Protect clients assets and shield their estates from increased taxation brought about by changing tax laws. This book can help you to understand the tax obligations of trusts and estates and how these obligations affect beneficiaries. It provides exercises and examples that reflect the calculation and allocation of taxable income and its presentation on the appropriate forms. In addition, you will also learn how to prepare federal Form 1041 US Income Tax Return for Estates and Trusts. Key topics covered include: How are trusts and estates taxed under the internal revenue code? What is a trust? What is a simple trust? What is a complex trust? How is the income of a trust or estate defined for tax purposes? What are the ordinary deductions and credits allowed? How is the deduction for distributions to beneficiaries determined? How are trust and estate beneficiaries taxed? What is a grantor trust and how is it taxed? How to prepare Form 1041. News, Inc. David O. Dowling, 2025-06-16 Taking a critical historical approach, this book examines the convergence of journalism and advertising industries that has led to the blurring of commercial and editorial functions within news organizations. This book considers the rise of brand journalism as it is broadly conceived across multiple genres and media forms from brand produced interactive documentaries such as Google's Beyond the Map to sponsored multimedia features, videos, and podcasts made by news and non governmental organizations. Focusing on cases in North America and Europe, Dowling traces the origins of brand journalism and addresses key debates and disruptions brought about by the widespread adoption of the reportorial role by non profits and corporations. These include journalistic concerns around threats to independence and impartiality and the commodification of reportorial integrity as well as the reverse perspective in terms of the advertising industry's adjustment to consumer ad avoidance. This project aims to situate these media products industrially and culturally in the context of competition for market share in the digital publishing industry. Ultimately, the study determines how the popularity of branded news content depends on the adaptability of corporate brands in spaces not typically associated with advertising and in some cases not yet discovered by competitors. News Inc is recommended reading.
