Pumpkin Cindy Ott, 2012-12-01 Why do so many Americans drive for miles each autumn to buy a vegetable that they are unlikely to eat While most people around the world eat pumpkin throughout the year North Americans reserve it for holiday pies and other desserts that celebrate the harvest season and the rural past They decorate their houses with pumpkins every autumn and welcome Halloween trick or treaters with elaborately carved jack o lanterns Towns hold annual pumpkin festivals featuring giant pumpkins and carving contests even though few have any historic ties to the crop In this fascinating cultural and natural history Cindy Ott tells the story of the pumpkin Beginning with the myth of the first Thanksgiving she shows how Americans have used the pumpkin to fulfill their desire to maintain connections to nature and to the family farm of lore and ironically how small farms and rural communities have been revitalized in the process And while the pumpkin has inspired American myths and traditions the pumpkin itself has changed because of the ways people have perceived valued and used it Pumpkin is a smart and lively study of the deep meanings hidden in common things and their power to make profound changes in the world around us

Poison at the Bake Sale Hollis Shiloh, Abe has an awful premonition that something will go wrong during a local baking contest Of course it's his silly imagination he's just jumpy these days after that murder last year But when the day of the competition means running into his abusive ex who later turns up dead Abe wishes that he'd paid more attention to his anxieties not less Now it's up to Abe and Gregory to figure out who could have done in the awful man Because the authorities are looking awfully close to home and there's only so much strain that even the best relationship can take A cozy gay mystery 50 500 words

Peanuts and Philosophy Richard Greene, Rachel Robison-Greene, 2016-12-19 In *Peanuts and Philosophy* twenty philosophers from a diverse range of perspectives look at different aspects of the Peanuts canon How can the thoughts of children who have yet to become grown up help us to become more grown up ourselves Do we get good results from believing in something like the Great Pumpkin even though we're disappointed every time What can Linus's reactions to the leukemia of his friend Janice tell us about the stages of grief Why

don't we settle what's right and what's wrong by the simple method of asking Lucy Is true happiness attainable without a warm puppy Do some people's kites have a natural affinity for trees Is Sally an anarchist a nihilist or just a contrarian Does Linus's reliance on his blanket help him or hurt him Is Charlie Brown's philosophy of life pathetic or inspirational Other topics include how the way children think carries general lessons about transcending our limitations the Utopian quest as illustrated by Charlie's devotion to the Little Red Haired Girl Snoopy's Red Baron and history as selective memory the Head Beagle as Big Brother And as we would expect Lucy's repeated cruel removal of Charlie's football has several philosophical applications
