Finding Weapons and Arming Yourself in Fortnite® Mary-Lane Kamberg, 2019-12-15 Choosing and using weapons are keys to success in the Fortnite video game and the Epic Games studio has provided a wide array of guns and explosives to defend the gamer and attack enemies. Players must find and select a maximum of five weapons at a time as they maneuver through the game's map. Different situations demand different choices for close encounters and attacks at a distance. In some cases, gamers need both close range and long range weapons for the same attack. In this explosive volume, readers will learn the strengths and weaknesses of each choice along with tips for exciting play. **You Should Quit Reddit** Jacob

Desforges, 2023-02-21 In recent years, countless books, articles, and documentaries have addressed the negative effects that social media platforms have wrought on their users and society. However, these former works are incomplete; nearly no attention has been paid to Reddit, one of the most popular websites in the world. Reddit is certainly unique among social platforms, but its potential for addiction and darker side of nefarious activity should absolutely not be understated. Additionally, nearly no actionable advice has been provided to users of these platforms. The audience is told that these websites and apps are harming their mental health, wasting their time, and that they are addictive, which would logically make the task of quitting rather difficult, but then provided zero guidance on how to disconnect from them. Over 200,000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use; the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over. For moderate to heavy users of these platforms, quitting is clearly not so simple. **You Should Quit Reddit** is a paradigm shift in the genre. Jacob Desforges was a Reddit user of over a decade and a self-admitted Reddit addict who spent on average around three hours daily on the site. Not only is this the first book investigating Reddit's flaws as a platform, but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms. This book therefore also provides readers with the practical advice, tools, and techniques needed to shatter the cycle of digital addiction, enabling them to quit visiting Reddit and other time-wasting websites for good so they can effectively reclaim their time to use in a more intentional manner. **Hacks for Minecrafters: Mods** Megan Miller, 2019-08-20 From the author of *Hacks for Minecrafters* comes the updated guide to the latest mods released for 1.12. If you want to be the best at Minecraft, you've got to read up on the latest tricks. This book is packed with full-color screenshots showing the newest, coolest mods available in Minecraft. Minecraft was designed to allow other people to modify it. And while there are several successful game guides on the market already, this book is the first unofficial hacker's super guide dedicated to adding mods/modifications to your Minecraft game. Mods add content to the game to alter gameplay, changing the creative feel of the game or giving the players more options for how they interact within the Minecraft world. Mods can make your game run faster, they can add new mobs, mechanics, and quests, and even entirely new dimensions to play in. *Hacks for Minecrafters: Mods* explores a full range of
