Sierra Leone Diamonds And The Struggle For Democracy:

Sierra Leone John L. Hirsch, 2001 John Hirsch traces Sierra Leone's downward spiral in this book drawing on his first hand experience as US ambassador in Freetown in 1995-1998. Hirsch analyzes the historical social and economic contexts of the ongoing struggle as well as the impacts of regional and international powers. Military Interventions in Sierra Leone

Larry J. Woods, 2010 Analyzes the massive turmoil afflicting the nation of Sierra Leone 1995-2002 and the efforts of outside forces to bring stability to that small country. The taxonomy of intervention ranged from private mercenary armies through the Economic Community of West African States to the U.N. and the U.K. In every case those who intervened encountered a common set of difficulties that had to be overcome. Unsurprisingly they also discovered challenges unique to their own org and political circumstances. Serving soldiers can often profit vicariously from the mistakes of others as recounted in detailed case studies of historical events. A cautionary tale that political leaders and military planners contemplating intervention in Africa ignore at their peril.

High-Value Natural Resources and Post-Conflict Peacebuilding Pivi Lujala, 2012-03-29 For most post conflict countries the transition to peace is daunting. In countries with high value natural resources including oil, gas, diamonds, other minerals and timber the stakes are unusually high and peacebuilding is especially challenging. Resource rich post conflict countries face both unique problems and opportunities. They enter peacebuilding with an advantage that distinguishes them from other war torn societies: access to natural resources that can yield substantial revenues for alleviating poverty, compensating victims, creating jobs and rebuilding the country and the economy. Evidence shows however that this opportunity is often wasted. Resource rich countries do not have a better record in sustaining peace. In fact resource related conflicts are more likely to relapse. Focusing on the relationship between high value natural resources and peacebuilding in post conflict settings this book identifies opportunities and strategies for converting resource revenues to a peaceful future. Its thirty chapters draw on the experiences of forty one researchers and practitioners as well as the broader literature and cover a range of key issues including resource extraction, revenue sharing and allocation and institution building. The book provides a concise theoretical and practical framework that policy makers, researchers, practitioners and students can use to understand and address the complex interplay between the management of high value resources and peace. High Value Natural Resources and Post Conflict Peacebuilding is part of a global initiative led by the Environmental Law Institute (ELI), the United Nations Environment Programme (UNEP), the University of Tokyo and McGill University to identify and analyze lessons in natural resource management and post conflict peacebuilding. The project has generated six edited books of case studies and analyses with contributions from practitioners, policy makers and researchers. Other books in the series address land, water, livelihoods, assessing and restoring natural resources and governance.

Post-Conflict Justice M. Cherif Bassiouni, 2011-10-01 Thirty scholars and experts discuss and provide wide ranging views on a variety of accountability measures: the establishment of ad hoc criminal tribunals for the Former Yugoslavia and

Rwanda truth commissions in South Africa and El Salvador and lustration laws for the former Czechoslovakia and Germany after its reunification Also discussed are amnesty for previous crimes and accountability post conflict justice involving issues pertaining to the restoration of law and order and the rebuilding of failed national justice systems In addition the book also contains an important set of guidelines designed to achieve accountability and eliminate impunity The guidelines with commentaries have been prepared by a distinguished group of experts many of whom have also contributed articles to this volume Published under the Transnational Publishers imprint

Local and Global Dynamics of Peacebuilding Christine Cubitt, 2012-03-12 Local and Global Dynamics of Peacebuilding examines the complex contributing factors which led to war and state collapse in Sierra Leone and the international peacebuilding and statebuilding operations which followed the cessation of the violence This book presents nuanced and contextually specific knowledge of Sierra Leone's political and war histories and the outcomes of the implementation of programmes of post conflict reforms It embodies an analysis of the complex challenges involved in aligning international norms and values to local expectations and local priorities and examines the role of local and global actors and structures in attempts to build a strong state and lasting peace Using a theoretical framework informed by liberal peace philosophy as well as detailed and nuanced empirical evidence from the field the book constructs a critical analysis of the contemporary global paradigm for building longer term peace in war torn fractured and fragile societies This book will be of much interest to students of peacebuilding war and conflict studies development studies African politics and IR security studies

British Foreign Policy and the Conflict in Sierra Leone, 1991-2001 Michael S. Kargbo, 2006 Michael S Kargbo critically examines the content of British policy towards Sierra Leone from the outbreak of conflict there in 1991 to its official conclusion in 2001 He attempts to find answers to why Britain's New Labour government pursued a more proactive policy in Sierra Leone than its Conservative predecessors

Illicit Diamonds, Conflict and Terrorism United States. Congress. Senate. Committee on Governmental Affairs. Subcommittee on Oversight of Government Management, Restructuring, and the District of Columbia, 2002 *Diamonds and Conflict* Arthur V. Levy, 2003 The mining and sales of diamonds by parties to participants of armed conflicts notably in Africa are regarded as a significant factor fuelling such hostilities These diamonds labelled conflict diamonds make up an estimated 3-7 per cent to 15 per cent of the value of the global diamond trade In response to public pressure to halt the trade of conflict diamonds and due to the persistence of diamond related conflicts governments and multi lateral organisations have taken diplomatic action to combat the trade Several international policy making forums including the UN have addressed the problem and the international diamond industry and non governmental organisations have proposed a range of reforms and legislative initiatives to halt the illicit trade This new book examines the diamond related African conflicts the various methods that are being researched and used to tag diamonds with microscopic markings and the efforts taken to regulate the marketing and exporting of diamonds

Conflict & Collusion in Sierra Leone David Keen, 2005 The United Nations presence

in Sierra Leone has made that country a subject of international attention to an unprecedented degree. Once identified as a source of the New Barbarism, it has also become a proving ground for Western interventions in the war against terrorism. The conventional diplomatic approach to Sierra Leone's civil war is that it has been a contest between two clearly defined sides. Keen demonstrates this is not the case: the various armed groups were fractured throughout the 1990s, often colluded with one another, and had little interest in bringing the war to an end. This book is not only a comprehensive description and novel interpretation of events in Sierra Leone; it represents a new and innovative approach to the study of war and Third World development and politics generally.

The Sierra Leonean Tragedy John-Peter Pham, 2006

The road to the future runs through the past. Drift, decline, and the establishment of a patrimonial state. Diamonds aren't forever; are they? The coming of the terror: Child soldiers, hunters, and mercenaries; the widening conflagration. The perils of peacekeeping and peacemaking. Dealing with the aftermath: the quest for justice. The global dimensions of an African civil conflict.

Part memoir, part adventure tale, part policial thriller, a compelling read that dissolves stereotypes and exposes paradoxes about Africa.

Peace as Governance C. Sriram, 2008-04-17

These negotiation incentives can involve inclusion of previously excluded or outlawed groups as legitimate political parties, sharing of resources with such groups, inclusion of former combatants in reformed military or police forces, and offers of partial or complete autonomy. This approach is largely used to bring non-state armed groups into negotiations rather than as leverage on governments themselves. The book, drawing upon studies in Sri Lanka, Sudan, and Colombia, demonstrates the limitations and even dangers of using such strategies.

Ethnic Conflict: Causes of ethnic conflict Rajat Ganguly, 2009

Ethnic conflicts in various scales and forms are a feature of the post-Cold War international landscape from which no region of the world is completely free. In terms of impact, it has been equally devastating for both developed and developing states. Therefore, there has never been a more appropriate time to study ethnic conflict in all its dimensions. This four-volume collection examines the many facets of ethnic conflict, including their causes, consequences, and resolution.

Volume I: Ethnic Identity includes articles dealing with the various interpretations and meanings of ethnicity and the debate surrounding the formation, persistence, and salience of ethnic identity.

Volume II: Causes of Ethnic Conflict focuses on causal explanations of ethnic conflict.

Volume III: The Consequences of Ethnic Conflict then focuses on the consequences or impacts of ethnic conflict.

Finally, Volume IV: The Settlement of Ethnic Conflict discusses articles that cover the settlement of ethnic conflict.
