**Simplicity Lessons** Linda Breen Pierce, 2003 *Simplicity Lessons* is a practical guide for those who long for a slower pace of life with more time for relationships fulfilling work and living ones dreams Working on your own or as part of a simplicity study group you will explore the major a Christianity and Ecological Theology E. M. Conradie, 2006-10-01 There has been a proliferation of publications in the field of Christian ecological theology over the last three decades or so These include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology The call for Christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in South Africa **Light for the Way**, 2026-01-13 Explore the work of beloved writers from *Sojourners* magazine on spiritual thriving living simply and engaging with our communities For five decades *Sojourners* magazine has been deeply engaged with the world while calling its readers to a new kind of life and faith rooted in justice and peace This legacy stands in stark contrast to our culture which too often links a person s value to the amount they produce or consume pushing each of us to do and be more fraying our connections and deadening our souls As Christian nationalism and authoritarianism gain more and more cultural power we don t need less soul but more We need a more resilient faith that can resist power and principalities and prophetically imagine an alternative world centered in justice and love Integral to this kind of prophetic faith is a commitment to simple spiritual practices and communal connections Even in the most dire and demoralizing times practices of contemplation sabbath rest and community offer sustenance and power

Light for the Way is a powerful yet meditative collection of pieces from the last fifty years of Sojourners magazine exploring how contemplative practices rest simplicity environmental engagement and communal care are essential for sustaining our resistance and repairing our world And Sojourners continues that work today With essays from beloved spiritual writers including Julia Alvarez Margaret Atwood Walter Brueggemann Kaitlin Curtice Rosemarie Freeney Harding and Richard Rohr Light for the Way is a soulful companion      *Encyclopedia of Religion and Nature* Bron Taylor, 2008-06-10 The Encyclopedia of Religion and Nature originally published in 2005 is a landmark work in the burgeoning field of religion and nature It covers a vast and interdisciplinary range of material from thinkers to religious traditions and beyond with clarity and style Widely praised by reviewers and the recipient of two reference work awards since its publication see [www.religionandnature.com](http://www.religionandnature.com) ern this new more affordable version is a must have book for anyone interested in the manifold and fascinating links between religion and nature in all their many senses      *Religion and Public Life in the Pacific Northwest* Patricia O'Connell Killen, Mark Silk, 2004 When asked their religious identification more people answer none in the Pacific Northwest than in any other region of the United States But this does not mean that the region's religious institutions are without power or that Northwesterners who do attend no place of worship are without spiritual commitments With no dominant denomination Evangelicals Mainline Protestants Catholics Jews adherents of Pacific Rim religious traditions indigenous groups spiritual environmentalists and secularists must vie or sometimes must cooperate with each other to address the regions pressing economic environmental and social issues One cannot understand this complex region without understanding the fluid religious commitments of its inhabitants And one cannot understand religion in Oregon Washington and Alaska without *Religion and Public Life in the Pacific Northwest*      *Thinking Theologically* Fritz Guy, 1999 Religious commitment is a motivation not a substitute for careful thinking So writes Fritz Guy in *Thinking Theologically* Adventist Christianity and the Interpretation of Faith a new release from Andrews University Press and a work long awaited by his colleagues and students Guy offers his philosophy of how North American Seventh day Adventists ought to go about the business of doing theology The work is addressed to theological students pastors and serious general readers who are interested in what theological thinking is why it is important who needs to be doing it and how it should be done Preface What Theological Thinking Actually Is Basic vocabulary Basic characteristics More vocabulary Why Everyone Should Think Theologically An essential task An inclusive task A parable How Theological Thinking Should Begin Audiences and motivations Moral principles Methodological principles Why Theological Thinking is Open Ended Limitations and change Continuing discovery Kinds of development How to Think with Intellectual Integrity Criteria Application Theological fallacies Examining the ingredients How Scripture Should Function Priority over subsequent theological tradition Ellen White as an agent of scripture Scripture as a whole Theological Christocentricity Existential perspective What Else Is Involved Relation to scripture Varieties of ingredients How Culture Makes a Difference Secularity and secularism Underlying intuitions Theological implications
