Lyft Update Returns:

Uber B. Yasanthi Perera, Pia A. Albinsson, 2020-01-16 Uber is one of the most innovative companies of our time This book provides a detailed analysis of the company and its success and goes beyond the headlines about safety and culture Many of us are so accustomed to using Uber today that the name of the innovative ride sharing company has become a verb as in to Uber somewhere and yet Uber has been around only since 2010 Uber has disrupted the ride hailing industry from making it easier and more affordable to become an Uber driver than a cab driver to rating riders as well as drivers As an early pioneer in using technology to create a new business model and new efficiencies Uber is considered one of the most important case studies in the sharing economy However little in depth information exists on this innovative company This book traces Uber's origin and evolution in the face of competitive pressures discusses the company leadership and corporate culture addresses such controversies as rider and driver safety and sexual harassment of female employees and explores how the company is addressing these challenges Students of business entrepreneurs and anyone interested in the development and exponential growth of the sharing economy will benefit from reading this book Newsom Unleashed Ellie Gardey Holmes, 2024-06-18

Gavin Newsom has been a force in California politics since the 1990s having acquired power through the machinations of his family and friends As mayor of San Francisco his Hollywood mystique and historic progressive policies meant that he could do no wrong even when he was caught having an affair with his secretary who also happened to be his friend's wife Eventually however Newsom's brazen pursuit of power caused even the Left to sour on him forcing him into the purgatory that was the lieutenant governor's office But suave cocky and unrelenting Newsom soon claimed the governorship where he was free to insert woke policies into every aspect of Californians' lives With Jennifer Siebel Newsom his glamorous but scandal ridden first partner at his side Newsom has pushed California leftward into a dirtier and more dangerous version of itself and positioned himself for his ultimate goal the White House This account probes Newsom's life and influence addressing the homelessness crisis COVID lockdowns the recall the education wars and his combative relationships with Ron DeSantis and Donald Trump while also shedding new light on issues like his relationship with a teenager as mayor his New Age wedding and his financial scandals As a result the real Gavin Newsom is uncovered the one behind the veil of media adoration

Mann,2024-03-26 THE INSTANT NEW YORK TIMES AND WASHINGTON POST BESTSELLER A call to action from three of Washington s premier political scholar journalists One Nation After Trump offers the definitive work on the threat posed by the Trump presidency and how to counter it American democracy was never supposed to give the nation a president like Donald Trump We have never had a president who gave rise to such widespread alarm about his lack of commitment to the institutions of self government to the norms democracy requires and to the need for basic knowledge about how government works We have never had a president who raises profound questions about his basic competence and his psychological capacity to take on the most challenging political office in the world Yet if Trump is both a threat to our democracy and a product of its weaknesses the citizen activism he has inspired is the antidote The reaction to the crisis created by Trump s presidency can provide the foundation for an era of democratic renewal and vindicate our long experiment in self rule The award winning authors of One Nation After Trump explain Trump s rise and the danger his administration poses to our free institutions They also offer encouragement to the millions of Americans now experiencing a new sense of citizenship and engagement and argue that our nation needs a unifying alternative to Trump s dark and divisive brand of politics an alternative rooted in a New Economy a New Patriotism a New Civil Society and a New Democracy One Nation After Trump is the essential book for our era an unsparing assessment of the perils facing the United States and an inspiring roadmap for how we can reclaim the future *The Yorkshire Archaeological Journal* ,1879 The Martiloge in Englysshe After the Vse
