National Basketball Association Franchises Frank P. Jozsa Jr., 2017-02-09 This book examines the development and organization of the NBA and its clubs how each club has performed in seasons and postseasons and to what extent each has prospered and succeeded as a business enterprise despite competition for market share from other types of entertainment Each chapter contains two core themes Team Performance and Franchise Business The former highlights how teams won division and conference titles and NBA championships while the latter analyzes and compares financial data including revenue gate receipts and operating income The book also explores such things as when each franchise organized and why it joined the NBA a brief profile of its current majority owner or ownership group records of teams special coaches and players attendances at home games and how their arenas rank as venues for fans This book explains why particular teams located in very large large midsize or small markets win more games and titles than others and when and how frequently this occurs In addition it provides ways to individually and by division or conference compare basketball franchises from a financial perspective

Sports Business Management George Foster, Norm O'Reilly, Antonio Dávila, 2016-01-08 Sports Business Management will equip students with a comprehensive understanding of the sport industry With a focus on management strategy marketing and finance the decision making approach of the book emphasizes key concepts while translating them into practice Foster O'Reilly and Dávila present a set of modular chapters supported with plenty of examples mini cases and exercises to help students apply the decision making approach to real world situations Covering an international array of sports and organizations including the Olympic Games FIFA World Cup US Major League Baseball and more the book also covers unique topics such as diversity in sport the impact of technology and social media Rounding this out the book provides around 50 Harvard Stanford cases along with case notes for instructors This is an ideal textbook for upper level undergraduate and graduate students of sports business and management fully supported by a companion website featuring PowerPoint slides test questions teaching notes and other tools for instructors

Sports Capitalism Frank P. Jozsa, 2017-11-28 The book focuses on how when where and why the US based professional sports leagues extend their brands and penetrate markets in nations across the globe The book examines the strategies progress and expectations of each league despite the cultural economic and political barriers that exist between and within countries and areas It offers a model of the sports business and where appropriate the emergence evolution and growth of prominent women's sports leagues are documented This book is unique as there are no other academic publications that study and report the global ambitions of this special group of organizations in one volume Readers such as college and university sports history management marketing and international business professors students and researchers can use and apply the book as either a teaching supplement reference and or literature source It will also appeal to targeted groups beyond the academic community with strategic economic incentives to learn about sports capitalism such as sports entrepreneurs and league
