Shostakovich Casebook

Andreas Dorschel

Shostakovich Casebook:

A Shostakovich Casebook Malcolm Hamrick Brown, 2005-08-17 The book includes valuable essays and interviews which move beyond the scholarly controversy to sketch a nuanced picture of Shostakovich's life under a totalitarian regime. The Casebook contributors compellingly warn of replacing one mask with another one black and white myth with its simple inversion. New York Times an important and readable collection. It presents a devastating critique of Volkov's claims and scholarly practices in *Testimony*. New York Review of Books A Shostakovich Casebook brings together 25 essays, interviews, newspaper articles and reviews, many newly available since the collapse of the Soviet Union, to create a volume of essential reading and cutting edge scholarship in Russian music studies. The contributors include Malcolm H. Brown, Laurel Fay, Irina Antonovna Shostakovich and Richard Taruskin. *On Russian Music* Richard Taruskin, 2008-12-02 Over the past four decades Richard Taruskin's publications have redefined the field of Russian music study. This volume gathers thirty-six essays on composers ranging from Bortnyansky in the eighteenth century to Tarnopolsky in the twenty-first, as well as all of the famous names in between. Some of these pieces, like the ones on Chaikovsky's alleged suicide and on the interpretation of Shostakovich's legacy, have won fame in their own right as decisive contributions to some of the most significant debates in contemporary musicology. An extensive introduction lays out the main issues and a justification of Taruskin's approach, seen both in the light of his intellectual development and in that of the changing intellectual environment which has been particularly marked by the end of the cold war in Europe. *Notes for Violists* David M. Bynog, 2021 *Notes for Violists* A Guide to the Repertoire offers historical and analytical information about thirty-five of the best-known pieces for the instrument, making it an essential resource for professional, amateur and student violists alike. With engaging prose supported by fact-filled analytical charts, the book offers rich biographical information and insightful analyses that help violists gain a more complete understanding of pieces like B. La Bartok's Concerto for Viola and Orchestra, Rebecca Clarke's Sonata for Viola and Piano, Robert Schumann's Märchenbilder for Viola and Piano, op. 113, Carl Stamitz's Concerto for Viola and Orchestra in D Major, Igor Stravinsky's Liege for Viola or Violin Unaccompanied and thirty other masterpieces. This comprehensive guide to key pieces from the viola repertoire from the eighteenth through the twentieth century covers concertos, chamber pieces and works for solo viola by a wide range of composers including Bach, Telemann, Mozart, Hoffmeister, Walton and Hindemith. Author David M. Bynog not only offers clear structural analyses of these compositions but also situates them in their historical contexts as he highlights crucial biographical information on composers and explores the circumstances of the development and performance of each work. By connecting performance studies with scholarship, this indispensable handbook for students and professionals allows readers to gain a more complete picture of each work and encourages them to approach other compositions in a similarly analytical manner. **Intimate Voices: Shostakovich to the avant-garde. Dmitri Shostakovich : the string quartets** Evan Allan Jones, 2009 This volume discusses composers such as Shostakovich, Britten,

Cage and Babbitt in the context of the string quartet It offers the observations and intuitions of 20 leading authorities on quartets *Creative Union* Kiril Tomoff, 2018-11-15 Why did the Stalin era a period characterized by bureaucratic control and the reign of Socialist Realism in the arts witness such an extraordinary upsurge of musical creativity and the prominence of musicians in the cultural elite This is one of the questions that Kiril Tomoff seeks to answer in *Creative Union* the first book about any of the professional unions that dominated Soviet cultural life at the time Drawing on hitherto untapped archives he shows how the Union of Soviet Composers established control over the music profession and negotiated the relationship between composers and the Communist Party leadership Central to Tomoff's argument is the institutional authority and prestige that the musical profession accrued and deployed within Soviet society enabling musicians to withstand the postwar disciplinary campaigns that were so crippling in other artistic and literary spheres Most accounts of Soviet musical life focus on famous individuals or the campaign against Shostakovich's *Lady Macbeth* and Zhdanov's postwar attack on musical formalism Tomoff's approach while not downplaying these notorious events shows that the Union was able to develop and direct a musical profession that enjoyed enormous social prestige The Union's leadership was able to use its expertise to determine the criteria of musical value with a degree of independence Tomoff's book reveals the complex and mutable interaction of creative intelligentsia and political elite in a period hitherto characterized as one of totalitarian control

Dmitri Schostakowitsch Andreas Wernli, 2004 An der öffentlichen Generalprobe ging der Komponist aufs Podium und erklärte Ich will da die Hörer dieser Symphonie verstehen da das Leben wahrhaft schön ist Sie ist ein leidenschaftlicher Protest gegen den Tod eine Mahnung an die Lebenden ehrlich zu leben bewußt anständig allen unedlen Taten abhold Die Symphonie des Todes **The Rest Is Noise Series: The Art of Fear: Music in Stalin's Russia** Alex Ross, 2013-02-28 This is a chapter taken from Alex Ross's groundbreaking history of twentieth century classical music *The Rest is Noise*

DSCH Journal, 2006 **A Shostakovich Companion** Michael Mishra, 2008-06-30 Adopting a two books in one format *The Shostakovich Companion* combines a full length single author examination of the life and compositional evolution of the Soviet Union's most famous composer and a symposium in which a variety of analytical techniques is applied to selected Shostakovich works and genres This is the first comprehensive English language book in twenty five years in which the primary emphasis is on musical issues and the secondary emphasis is on the biographical and much debated political issues *The Shostakovich Companion* is divided into four parts Part I considers the hermeneutic techniques that have been applied to Shostakovich's music along with the various controversies surrounding his life and his relationship to Soviet politics Part II comprises the book's central life and works discussion uniting a comprehensive examination of Shostakovich's compositional evolution with a full account of his life Coming from a variety of authors the chapters in Part III demonstrate a cross section of analytical techniques that may usefully be brought to bear upon Shostakovich's music These range from literary and cinematically based methods to the more traditional types of musical analysis Part IV considers three

independent but crucial aspects of Shostakovich's life his contributions to the Soviet film industry his career as a pianist and his legacy and influence as a teacher *Shostakovich: String Quartet No. 8* David J. Fanning, 2004 When it was first performed in October 1960 Shostakovich's Eighth String Quartet was greeted with a standing ovation and given a full encore Its popularity has continued to the present day with over a hundred commercial recordings appearing during the last 40 years The appeal of the work is not hard to identify immediately communicative the quartet is also made up of rich seams of deeper meaning This book is the first to examine its musical design in detail and it seeks to overthrow the charges of superficiality that have arisen as a result of the work's success The core of this study is the close analysis of the work but this is placed in context with a discussion of Shostakovich's reputation and historical position the circumstances of the quartet's composition and the subsequent controversies that have surrounded it The work was composed during the so called Thaw years of the Soviet Union and the cultural and political backgrounds of this period are considered together with an assessment of Shostakovich's life and work during this time David Fanning argues persuasively that the Eighth String Quartet is a landmark in twentieth century music in its transcendence of the extra musical meanings that it invokes that it is music that liberates itself from the shackles of its context The book features an accompanying CD of the work **Der Komponist als Erzähler** Melanie Unseld, Stefan Weiss, 2008 **Jahrbücher für Geschichte Osteuropas** , 2007
Dissonanz , 2005 **Gramophone** , 2006 *Hindemith-Jahrbuch* , 2007 The New Leader , 1935
Verwandlungsmusik Andreas Dorschel, 2007 *Schostakowitsch und die Symphonie* Hartmut Hein, Wolfram Steinbeck, 2007 Mit Schostakowitschs Symphonien wird die Geschichte der Gattung im 20. Jahrhundert unter den besonderen Bedingungen musikalischer Produktion in der Sowjetunion fortgeschrieben Die Beiträge dieses Bandes behandeln Schostakowitschs Anbindung an die symphonische Tradition seinen Umgang mit politischer Dichtung und der Doktrin des sozialistischen Realismus Perspektiven der westlichen Rezeption seiner Symphonien sowie kompositorische Aspekte und Kontexte der spezifischen Anlage einzelner Werke Das Bonner Symposium 2004 versammelte eine Reihe namhafter Autoren im Vorfeld des Jubiläumsjahres 2006 deren individuelle Zugangsweisen ein aktuelles Bild der wissenschaftlichen Diskurse zum Werk des Komponisten bieten **Symphony** , 2006 **The Nation** , 2004

Immerse yourself in the artistry of words with Experience Art with is expressive creation, **Shostakovich Casebook** .
