## **Siete Ensayos Sobre Walter Benjamin:**

Siete ensayos sobre Walter Benjamin Beatriz Sarlo, 2000 Sarlo expone algunos aspectos de la vida y obra de Walter Benjamin Para imbricarlos en el pensamiento contemporáneo Se ocupa tanto de la huida de Walter Benjamin del régimen nazi y su suicidio en la frontera como de su resistencia a los requisitos académicos a partir de un método compositivo de una elección y uso atípico de los materiales y de la relación entre crítica de arte y filosofía Sarlo propone leer a este estudioso alemán

**Wechselseitige Perzeptionen** Peter Birle, Friedhelm Schmidt-Welle, 2007 *The Routledge Companion to Literature and the Global South* Alfred J. López, Ricardo Quintana-Vallejo, 2023-10-20 The Routledge Companion Literature and the Global South offers a comprehensive overview of the field at a key moment in its development a snapshot of where Global South literary studies stands in its second decade As the aftermath of a string of global cataclysms since the rise of neoliberal globalization has demonstrated it is the poor the disenfranchised and the marginalized who consistently bear the brunt of the suffering What defines the Global South is the recognition across the world that globalization's promised bounties have not materialized It has failed as a global master narrative Global South studies centers on three general areas Globalization its aftermath failure and how those on the economic bottom survive it Organized into three parts this volume consists of original essays by 25 contributors from around the world Part I focuses on the origins and objects of Global South studies and how this field has come to define and historicize its organizing concept Part II considers subsequent critical developments in Global South studies particularly those that embrace interdisciplinary and transdisciplinary approaches Part III features case studies which highlight a range of applications and interventions The contributors critique the boundaries and definitions explored in the earlier parts and push settled literatures or methods into new analytical spaces This innovative collection is an invaluable resource for anyone studying and researching Global South studies and literature but also those interested in world literature contemporary literature postcolonialism decolonizing the curriculum critical race studies gender studies and politics Global Critical Theories Oliver Kozlarek, Gustavo Leyva Martínez, 2025-08-12 Today Critical Theory is no longer tied to a specific place in the world Rather genuine developments of Critical Theories can be observed in many academic contexts around the world The contributions collected in this book show that the various projects of Critical Theory have not always and not exclusively emerged from the reception of the so called Frankfurt School but that the successful global expansion of capitalist modernity has triggered developments of Critical Theories in many parts of the world as an appropriate academic and intellectual endeavor of critique Whether or not the tradition of the Frankfurt School is followed Critical Theories are always about an undogmatic reading of Marxist theory the critique of global capitalist modernity the question of how this critique should be normatively grounded and how different academic disciplines should complement each other in a common endeavor of critical social and cultural research The book provides an overview of debates and variants of critical theories in selected countries *The Savage Detectives Reread* David Kurnick, 2022-02-01 The Savage

Detectives elicits mixed feelings An instant classic in the Spanish speaking world upon its 1998 publication a critical and commercial smash on its 2007 translation into English Roberto Bola o s novel has also been called an exercise in 1970s nostalgia an escapist fantasy of a romanticized Latin America and a publicity event propped up by the myth of the bad boy artist David Kurnick argues that the controversies surrounding Bola o s life and work have obscured his achievements and that The Savage Detectives is still underappreciated for the subtlety and vitality of its portrait of collective life Kurnick explores The Savage Detectives as an epic of social structure and its decomposition a novel that restlessly moves between the big configurations of states continents and generations and the everyday stuff parties jobs moods sex conversation of which they re made For Kurnick Bola o s book is a necromantic invocation of life in history one that demands surrender as much as analysis Kurnick alternates literary critical arguments with explorations of the novel s microclimates and neighborhoods the little atmospheric zones where some of Bola o s most interesting rethinking of sexuality politics and literature takes place He also claims that The Savage Detectives holds particular interest for U S readers not because it panders to them but because it heralds the exhilarating prospect of a world in which American culture has lost its presumptive centrality **Latin**
