Home Depot In The Us Open Now:

For the Love of the World Edwin Zackrison, 2021-08-04 The world can be subject to interpretations that cause Christians to disagree and even fight Interpretations often end in startling disputes For some that world includes the inheritance of denominational interpretations Historically conditioned conclusions are taken out of their context Booklets have been produced for young people that largely define the world as dancing smoking drugs music theater and music This book will not spend time on these parochial notions Rather it will deal with God s love for the world While Christians are often warned against the world God loved the world from a different standpoint and made the ultimate sacrifice to give this world the chance to be restored to rightness with him
