Fitzgerald, Gundula Bosch, 2023-11-28 Academic medical centers continue to require evidence of scholarly activity for their faculty to maintain their appointment and to advance in promotion rank For some training to know how to obtain evidence of scholarship was obtained through fellowship where information was passed from mentor to mentee in an apprenticeship fashion without a formalized text to follow to obtain the information In fellowship information might flow through word of mouth or articles handed down out to a mentee Others in fellowship develop skills by taking classes as part of an additional master s degree program such as a Master of Public Health For health professionals who enter an academic institution without having gone through a fellowship program they are still expected to perform scholarly activity but don t have the benefit of having done the apprenticeship to learn the skills so unless they decide to find a course obtain a master s degree or find a fellowship they have no way to gain the necessary skills and are at risk of losing their appointment and have no hope of progressing in promotion This text provides a comprehensive toolbox for the academic who needs these skills to survive It serves as a valuable resource for health professionals physicians nurses pharmacists physical therapists and allied professionals as well as scientists and students with the steps necessary to take their educational endeavors from idea to implementation through dissemination Beginning with the concept of What is Scholarship the authors walk the reader through the concepts of how to find your niche look through the literature to check for a gap design a question consider evaluation and outcomes be aware of ethical considerations plan a project look for support find mentorship prepare an abstract present a poster disseminate a project and lead a team All chapters are written by experts in the subject matter **Foundation Grants to Individuals**, 2007 **The College Buzz Book**, 2006-03-23 In this new edition Vault publishes the entire surveys of current students and alumni at more than 300 top undergraduate institutions as well as the schools responses to the comments Each 4 to 5 page entry is composed of insider comments from students and alumni as well as the schools responses to the comments **Foundation Grants to Individuals** Phyllis Edelson, 2009 **Introduction to Scholarship in Modern Languages and Literatures** David G.
