For many a mummy is an Egyptian pharaoh wrapped in cloth found thousands of years later in a pyramid by archaeologists But mummies need not be ancient Modern day mummies can be found under glass in special tombs built in their honor in private collections where they have come to rest after decades on the carnival circuit in dissecting rooms of medical schools and in the basements of funeral homes waiting for decades to be claimed by the next of kin Stories about the famous Vladimir Ilyich Lenin Ho Chi Minh Eva Peron and the not so famous Leslie Hansell wanted her body mummified to bask in the sun rather

than being buried in the cold ground mummies are told here in great detail along with a broader look at the history and process of mummification The book includes a comprehensive study of the successful prolonged preservation of the human body and delves into the law and science of modern mummification Library Literature H.W.
