International Student Education in Tertiary Settings Zuocheng Zhang, Trevor Grimshaw, Xingsong Shi, 2020-12-28
International Student Education in Tertiary Settings addresses key issues in international student education programme design and implementation. It maps contemporary theories and practices in international students transcultural learning and engagement and showcases successful tertiary education programmes for international students in Australia, China, Japan, the USA and the UK. The book highlights the opportunities for engaging international students that are built into the various programmes, international students' strategies for coping with various challenges of engagement with their educational programmes and a range of factors that confound their engagement in academic and intercultural learning. The broad coverage of international education programmes in a variety of geographical, sociocultural and pedagogical settings enables the discussion about the complexity of contemporary international student education, shared challenges and productive ways of engaging international students in transcultural learning and the prospect of sustainable engagement. The principles and insights into programme design and implementation to engage international students will be useful for researchers and practitioners in international student education, academics tasked with teaching international students in their class and administrators responsible for managing and providing services to international students.

Communication Disorders in Educational and Medical Settings William O. Haynes, Michael J. Moran, Rebekah H. Pindzola, 2010-10-15
Communication Disorders in Educational and Medical Settings is a useful guide for the speech language pathologist in working with other professionals in school and medical environments and includes practical suggestions for involvement of these professionals in the assessment and remediation process. This valuable resource will help speech language pathologist students gain an appreciation of the variety of roles and responsibilities they will take on in educational and medical settings and how to work with educational and health professionals. This text is also helpful for health professions practitioners and educational professionals to gain basic knowledge of the nature of various communication disorders and become aware of how they might play a role in the treatment process in collaboration with the speech language pathologist. Whether you are an educator, health professional or speech language pathologist, you will find this accessible introduction to the field of communication disorders to be exciting, interesting and relevant to your future work.

Features: Presents a broad coverage of the field of communications disorders yet remains at an accessible introductory level. Focuses on work settings and collaboration. Provides suggestions for teachers and health professionals on how to deal with patients who have communication disorders and how to cooperate with the SLP. Covers themes highlighting assessment, information treatment, overviews, tips for educators and tips for health care professionals. Addresses educational impacts of speech language problems as well as coverage of quality of life issues across the life span for each communication disorder. Useful to a wide range of professionals.

Instructor Resources: PowerPoint Slides and a TestBank with Multiple Choice, Fill in the blank and Discussion Questions.
