Selfish People:

Teaching on the Fight Against the Main Sinful Passions and on the Christian Virtues - Love, Humility, Meekness various Church Fathers, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com> 2023 01 book inventory vladimir djambov talmach.html The goal of the Christian life is to acquire the Holy Spirit in communion with God Communion with God is the essence of our salvation in Christ Jesus our Lord The path to salvation is the fulfillment of the commandments of God life in Christ or what is the same the Christian pious virtuous life The Christian virtuous life of every Christian has two essential aspects the struggle against tempting evil the struggle against sinful passions and vices and the acquisition of Christian virtues This book is devoted to these vital issues the fight against the main sinful passions vices and the acquisition of basic Christian virtues This far from finished work arose on the basis of conversations that the author acting as a mentor conducted with students of the seminary These conversations have been completed and expanded brought into the system Many books have been written on the fight against passions and on Christian virtues by people experienced in the spiritual life under the guidance of Sts fathers There are also extensive scientific works from the field of asceticism This same book is not a scientific treatise or study rather it is a systematized collection of patristic thoughts on individual most important issues of active Christian life which has mainly a moral and edifying purpose The author in his work sought to present the patristic teaching and experience in a form that is understandable and intelligible to the modern reader and to show their necessary applicability in the life of every Christian for the commandments of God and the laws of spiritual life are common to all Christians no matter what way of life and ascetic labor they pursue In particular the author had in mind that the book would serve as a manual for students of the seminary candidates for the priesthood so that they could get acquainted with the patristic teaching on this issue in an assembled form Acquaintance of the candidate of the priesthood with the questions of Christian asceticism according to the teaching and experience of Sts fathers and ascetics is of great importance for their future pastoral activity The second and immediate goal of writing this work was also one's own benefit in order to move oneself to correction to the denunciation of one's poor soul so that although being ashamed of words as St John of the Ladder began to work having not yet acquired any good deed but only words And Rev Nilus of Sinai points out that he who does not do good should speak of good things so that being ashamed of words he begins deeds 2 The book is divided into two parts The first part gives general concepts about sin sinful passions and self love as the source of all sin and vice Then a strategic teaching is presented about each of the main passions separately about pride and vanity about gluttony and fornication and the fight against them about greed and anger about envy slander and condemnation and finally about sinful sadness and despondency The second part is devoted to the study of the main Christian virtues love humility meekness temperance and chastity those virtues that a Christian needs to acquire in the active eradication of the above main passions

Therefore when studying chapters for example on carnal passions gluttony and fornication it is useful to follow this from the 2nd part to assimilate the patristic teaching about the main eradicators of these passions the virtues of temperance and chastity When studying the issue of struggle with self love pride greed and envy one should follow this by studying the patristic teaching on love and humility Anger has its opposite in meekness etc **The Right Fight** John Kennedy Vaughan,2018-09-18 From the author of Shields of Strength a gift that could radically change every interaction and relationship you have Reg Lloyd Pastor Praise Church Beaumont TX What is the opposite of love Many would say hate but studying the Bible reveals that it is actually fear Fear leads us to make harmful decisions and live unproductive unhappy and unfruitful lives Love is the key to a fruitful life but love must be more than a feeling Love must be an action a choice Choosing love over fear is the most powerful choice we can make Kenny Vaughan brings this timeless discussion back to the forefront of our spiritual exploration by teaching us to view life as a fruit bearing tree When we feed the roots with love the tree flourishes and we enjoy the blessings that grow upon it If we deprive our roots however if we allow fear to cut us off from love then the whole tree withers and dies Utilizing both Scripture and anecdotes from modern life The Right Fight teaches us how to tend our roots grow our fruit and through the grace of God cast fear out for good The Right Fight will hold your attention and challenge your perspective and application of love Reg Lloyd Pastor Praise Church Beaumont TX The Two Suggestions Andrew McIntosh,2010-10 On Teen Internet Pornography If you Yahoo free teen sex pictures Yahoo gives you 142 000 000 pages to enjoy two right clicks of the mouse and you ve got a free porn collection On Creation and Evolution The debate about creation and evolution is fair game What is not fair is the efforts of one side to silence the rights of the other to their beliefs and opinions a wrong historically committed by both sides On Homosexuality Let the debate continue but let it be infused with truthfulness instead of lies starting with the scientific fact that people are not born gay On Suicide There in the middle of the gray dead cement basement room a boy hangs from a floor joist above by a length of shipping strapping its length stretched to its limit its form cut deeply into the boy s neck We learn later he was bullied at school On Faith All the arguments in the world for or against Christ don t matter It all comes down to this either you want to believe or you don t And then you live your life accordingly Readers of Andrew McIntosh s regular op ed columns in The Californian a San Diego area daily newspaper will instantly recognize the witty biting prose he uses to drive his points home in his first book The Two Suggestions Teens and parents will deeply relate to McIntosh s personal and professional experiences as he shares his orphanage and adoption story his big city paramedic career and his various youth advocacy experiences spanning several decades The Two Suggestions should be mandatory reading for every teenager parent and youth advocate in America and Canada today In the new America secular immoral addicted and violent The Two Suggestions offers today s youth powerful tools to thrive in the face of confusion anger and social chaos *Human Nature and You* Dick Minnerly,2020-09-10 Human Nature and You is new fundamental thinking about all of us It solves ancient dilemmas such as how all humans reason how

we each differ in that reasoning and why we have a unique character at birth that shapes our personality and decisions throughout life Its new theories revolutionize all our traditional thinking in philosophy psychology and politics and give us our first truly leftist master plan for saving our societies They also give us a new tool that reveals the innate character of anyone whose birth data we know This tool the Minnerly Impulse Pattern or MIP is superior to every method psychologists or other specialists have yet devised to reveal your total nature including your strengths weaknesses and psychologic health or conflicts

End Time Purity Bert Farias,2005-04-01 Acting as the axe that lays itself to the root of every tree not bearing good fruit *End Time Purity* is a book that scans our motives in the light of eternity It serves as a forerunner to the second coming of Jesus and inspires pure motivation and uncompromising devotion to God s heart

There's No Government Like No Government Jackney Sneebe,2007-02-26 There s No Government Like No Government celebrates the belief in the human spirit unmolested by state worship It extols the value of individual judgment based on perceptions experience and reason and in the process derisively mocks the mindless blind faith in the inherent righteousness of the law It excoriates the belief that politicians ought to have or even could have the ability to alter morality simply by scribbling some words on a piece of paper It offers a systematic approach to debunking the myth of the state using a logical analysis of the concept of government in tandem with extracts of debates between the defenders of liberty and various authoritarians The sheep themselves reveal the bogus nature of the supposed authority of all rulers be they elected democratically or chosen otherwise in their downright insane descriptions of government Various described as General Motors or a group of people we elect to guarantee our rights or the agency that doesn t have to be morally correct that s why it is government the insane belief deserves to be smashed and this book is dedicated to doing exactly that Keep it on your coffee table in plain sight for all the state worshipping control freaks to see to be used as your answer when asked Who did you vote for

Alas! The Boring Day Deepak Gupta,2023-05-06 Life is never boring but some people choose to be bored Wayne Dyer Discipline doesn t come with the absence of anything but with the presence of everything Do you really feel bored sometimes Needless to say the answer is yes We humans are the most intelligent but dissatisfied species of this universe Predominantly we are exhausted with little things and urging for big things in our lives Even after accomplishing everything most people get dissatisfied and feel exhausted at a certain point in time Humans feel sad stressed or even depressed because at some time they feel the urge to upgrade to something something they don t even know They just want to shift their mindset desires and emotions to something else because mostly they try absorbing energy from tasks events people and things than creating energy for them Do you ever feel bored with everything you love When was the last time you talked to yourself Did you ever try knowing what you exactly are What s your true character Do we really need people to make us not feel bored Instead of

taking interest in new things understand do you really love what you already have Have you ever observed people who are genuinely happy in what they are doing and even when they are alone How do you actually accomplish your work Do you feel anxious while doing it Or do you do it with a tired mind or body Always try running away with it Do you feel like you are doing everything you love but still don't feel satisfied and after a strange feeling haunts you for days Do you know what really excites us for the whole day Do you believe selfish people are irritated and bored at the same time Do you believe only the takers need help Are you doing a job where everything is predictable Are all your days monotonous and almost predictable and you always have to make other plans to make yourself energetic Above everything can you live alone if everyone would abandon you at some point in your life You don't know your character Your character knows you Affirmative our generation is suffering from these silent ailments where we constantly need someone to satisfy our emotions not feeling bored The problem isn't when you need someone but the problem is when you always need someone to become happy creative and energetic We are nothing but trying to fulfil our boredom with something interesting but in that fulfilment we forget what will we do if we eliminate it someday when we really want it It's excellent to live alone without ever feeling lonely in this world
