2006/2007 ,2011-09-15 Die seit 1971 wieder erscheinende interdisziplinäre internationale Rezensionbibliographie IBR ist eine einmalige Informationsquelle. Die Datenbank weist über 1,1 Millionen vornehmlich der Geistes und Sozialwissenschaften berücksichtigende Buchrezensionen in 6.000 vorwiegend europäischen wissenschaftlichen Zeitschriften nach 60.000 Eintragungen kommen jedes Jahr hinzu. Bieten dem Benutzer Daten zum rezensierten Werk und zur Rezension.

*Necessary Trouble* Sarah Jaffe, 2016-08-23 *Necessary Trouble* is the definitive book on the movements that are poised to permanently remake American politics. We are witnessing a moment of unprecedented political turmoil and social activism. Over the last few years we've seen the growth of the Tea Party, a twenty-first century black freedom struggle with BlackLivesMatter, Occupy Wall Street, and the grassroots networks supporting presidential candidates in defiance of the traditional party elites. Sarah Jaffe leads readers into the heart of these movements, explaining what has made ordinary Americans become activists. As Jaffe argues, the financial crisis in 2008 was the spark, the moment that crystallized that something was wrong. For years Jaffe crisscrossed the country asking people what they were angry about and what they were doing to take power back. She attended a people's assembly in a church gymnasium in Ferguson, Missouri, walked a picket line at an Atlanta Burger King, rode a bus from New York to Ohio with student organizers, and went door to door in Queens days after Hurricane Sandy. From the successful fight for a 15 minimum wage in Seattle and New York to the halting of Shell's Arctic drilling program, Americans are discovering the effectiveness of making good, necessary trouble. Regardless of political alignment, they are boldly challenging who wields power in this country.

**Discrimination Laundering** Tristin K. Green, 2016-11-14 While discrimination in the workplace is often perceived to be undertaken at the hands of individual or rogue employees acting against the better interest of their employers, the truth is often the opposite: organizations are inciting discrimination through the work environments that they create. Worse, the law increasingly ignores this reality and exacerbates the problem. In this groundbreaking book, Tristin K. Green describes the process of discrimination laundering, showing how judges are changing the law to protect employers and why. By bringing organizations back into the discussion of discrimination with real-world stories and extensive social science research, Green shows how organizational and legal efforts to minimize discrimination, usually by policing individuals over broader organizational change, are taking us in the wrong direction and how the law could do better by creating incentives for organizational efforts that are likely to minimize discrimination instead of inciting it.

*Brooklyn Tides* Benjamin Heim, Shepard, Mark J. Noonan, 2018-03-15 Brooklyn has all the features of a global borough. It is a base of immigrant labor and ethnically diverse communities of social and cultural capital of global transportation, cultural production, and policy innovation. At once a model of sustainable urbanization and overdevelopment, the question is now: What will become of Global Brooklyn? Tracing the emergence of Brooklyn from village outpost to global borough, *Brooklyn Tides* investigates the nature and consequences of global forces that have crossed the East River and identifies alternative models.

for urban development in global capitalism Benjamin Shepard and Mark Noonan provide a unique ethnographic reading of the literature social activism and changing tides impacting this ever transforming space Cover and interior images of a rapidly transforming global borough by photographer Caroline Shepard      **Divining Desire** Liza Featherstone,2018-02-15 Over the course of the last century the focus group has become an increasingly vital part of the way companies and politicians sell their products and policies Few areas of life from salad dressing to health care legislation to our favorite TV shows have been left untouched by the questions put to controlled groups about what they do and don't like *Divining Desire* is the first ever popular survey of this rich topic In a lively sweeping history Liza Featherstone traces the surprising roots of the focus group in early twentieth century European socialism its subsequent use by the Mad Men of Madison Avenue and its widespread deployment today She also explores such famous failures of the method as the doomed launch of the Ford Edsel with its vagina shaped radiator grille and the even more ill fated attempt to introduce a new flavor of Coca Cola which prompted street protests from devotees of the old formula As elites have become increasingly detached from the general public they rely ever more on focus groups whether to win votes or to sell products And in a society where many feel increasingly powerless the focus group has at least offered the illusion that ordinary people will be listened to and that their opinions count Yet it seems the more we are consulted the less power we have That paradox is particularly stark today when everyone can post an opinion on social media our 24 hour focus group yet only plutocrats can shape policy In telling this fascinating story Featherstone raises profound questions about democracy desire and the innermost workings of consumer society      Equality on Trial Katherine Turk,2016-06 In 1964 Title VII of the Civil Rights Act outlawed workplace sex discrimination but its practical meaning was uncertain *Equality on Trial* examines how a generation of workers and feminists fought to infuse the law with broad notions of sex equality reshaping workplaces activist channels state agencies and courts along the way      *Ebook: Corporate Communication* Paul A Argenti,2014-10-16 *Corporate Communication* 6th Edition shows readers the importance of creating a coordinated corporate communication system and describes how organizations benefit from important strategies and tools to stay ahead of the competition Throughout the book cases and examples of company situations relate to the chapter material These cases provide readers with the opportunity to participate in real decisions that managers had to make on a variety of real problems      **Selling Women Short** Liza Featherstone,2006-08-01 A scrupulous investigation of the hateful labor practices of the world's largest corp Liza Featherstone describes the reality for over half a million women who work for Wal Mart a 30 year old woman who was paid less than a 20 year old man because he has a family to support promotions settled at hunting parties strippers performing at executive events If Wal Mart was the great business story of the 90s its workers may well be the big story of the following decade This book is a vivid primer on this extraordinary empire the lives of its employees the real world costs of modern business A must read for an understanding of the new service economy the risks it poses to the U S the world A women's rights manifesto      Revolutionizing Retail K.

Coulter,2014-02-20 There is a modest but growing body of scholarly literature on experiences of retail work with only a handful of studies existing on retail organizing Before Revolutionizing Retail no scholar had captured or analysed the breadth of political action being pursued in this crucial economic sector This book was awarded the Canadian Association for Work and Labour Studies 2015 Book Prize *Still Broke* Rick Wartzman,2022-11-15 How America s biggest company began taking better care of its workers and why such efforts will never be enough Fifteen years ago Walmart was the most controversial company in America By offering incredibly low prices it had come to dominate the retail landscape But with this dominance came a suite of ethical concerns Walmart was accused of wiping out mom and pop businesses across the country ruthlessly pressuring suppliers to cut costs even if it meant closing up U S factories and moving production overseas and above all not taking adequate care of its own employees who were paid so little that many wound up on public assistance Today while Walmart remains America s largest employer the picture is very different It has become an environmental leader among businesses and has taken many other steps to use its immense scale to have a positive social impact Most notably its starting wage has risen from 7 25 to 12 and employee benefits have improved With internal and external threats to its business looming the company began to change directions in 2005 a transformation that accelerated in 2014 with the arrival of CEO Doug McMillon By undertaking such large scale change without a legal mandate to do so Walmart has joined a number of major corporations that say they are dedicated to practicing a new socially conscious form of capitalism In *Still Broke* award winning author Rick Wartzman goes inside the company s transformation showing in novelistic detail how the company has gotten to where it is Yet he also asks a critical question is it enough With a still simmering public debate around the minimum wage and widespread movements by workers demanding better treatment how far will 12 an hour go in today s economy Or even 15 Or Walmart s average wage which now hovers above 17 but even so doesn t pencil out to so much as 32 000 a year for a fulltime worker In the richest nation on earth how did the bar get set so low How did America find itself relying on an army of low wage workers without ever acknowledging their most basic needs And if Walmart s brand of change is the best we have how can we ever expect to build a healthy society With unparalleled access to the key executives and change makers at Walmart *Still Broke* does more than document a remarkable business makeover It interrogates the role of business in American life and asks what the future of our economy and country can be and whose job it is to make it

Wal-Mart Elizabeth Cohn,2005 *Women in the Workplace* ,2006 **Economia, lavoro, organizzazione** Michele La Rosa,2005 **Multinational Monitor** ,2005 Minnesota Law Review ,2008-05 *Symposium* ,2008 **Business and Society: Stakeholders, Ethics, Public Policy** Anne Lawrence,James Weber,2008 This edition includes chapters on managing public issues the challenges of globalization influencing the political environment managing technological changes and managing a diverse workplace amongst others The Nation ,2005 **Les conservateurs américains se mobilisent** Vincent Michelot,Alexandre Rios-Bordes,Jean-Christian Vinel,Jennifer Merchant,2008 En France la figure du conservateur am

ricain nous semble familière des femmes au foyer très croyantes des cow boys armés des vang listes délinquants des militants anti avortement extrémistes Ces visions caricaturales influencent notre jugement l'émotion l'indignation ou la moquerie qu'elles inspirent déterminent notre regard et nous empêchent de voir un véritable mouvement social dans l'action de ces militants conservateurs À travers une série d'enquêtes et d'analyses les auteurs de ce livre décryptent la culture conservatrice ses références ses modes d'action les lieux et les motifs de son combat Dans les talk shows les conseils de collégiens les campus ou encore sur leurs lieux de travail ces Américains se mobilisent contre les valeurs progressistes et l'héritage des années 1960 qui menacent leur vie privée Les conservateurs américains possèdent une culture contestataire extrêmement dynamique et c'est indéniablement l'une des clés qui expliquent leur succès électoral dans l'Amérique contemporaine      *Abstracts of the Annual Meeting -- American Anthropological Association* American Anthropological Association, 2005
