## Halloween Costumes Target This Week:

The Sh!t No One Tells You About Baby #2 Dawn Dais, 2016-10-25 The third book in Dawn Dais's popular *Sh!t No One Tells You* series covers all a parent needs to know once the reality of having two children settles in. Around the time your first baby turns a year old your brain will turn on you. For reasons that are still not understood by science the sleep deprivation and postpartum hormones you barely survived with your first baby fade from memory and will be replaced with idyllic images of your growing child. This is when your brain, having officially lost all regard for your well being, begins to fantasize about a second baby. And for the first time since becoming a parent these thoughts don't make you break out in hives. Before you know it you are dressing your first child in "I'm Going to be a Big Sister" T-shirts and catalog shopping for bunk beds. This will be fantastic. But then that familiar morning sickness kicks in. And your adorable 18-month-old transforms into a two-year-old terror. That's when those hives start to return. With Dawn Dais's trademark witty banter *The Sh!t No One Tells You About Baby 2* includes chapters such as *You Have Officially Lost Control of the Situation*, *Siblings Aren't Nearly as Adorable as You Imagined*, *You'll Have a Favorite* and *Having Kids Looks a Lot Easier on TV*. Undeclared Shaunie Henderson, 2024-05-07 Shaunie Henderson, wife, mother, entrepreneur, producer and creator of the hit TV show *Basketball Wives*, opens up about finding love, offers advice for raising strong, smart, grounded Black children in today's world, and reveals how to define your career and personal life by your own terms in this inspirational memoir. Today Shaunie Henderson is a force to be reckoned with: a TV personality, producer of multiple hit reality shows, entrepreneur, philanthropist, mother of five children, First Lady of her husband's church, and role model. But before she found her voice and her purpose, she was one more young woman trying to find her way as a partner, a parent, and a person. In *Undeclared*, Henderson opens up about the struggles, heartbreaks, losses, and triumphs that have made her who she is today. Stories that will inspire you to rise up, discover your strength, and self-love, and be who you are meant to be. With her relatable and straightforward voice, *Undeclared* is so much more than a memoir; it is a stirring guidebook that is perfect for anyone seeking inspiration to change their life trajectories. **The Campus Rape Frenzy** KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination
