**Personal Recollections of Rudolf Steiner** Norbert Glas, 1987-12-01      **A Rosicrucian Soul** Russell Pooler, 2009-03  
Written 1904 1908 CW 11 Rudolf Steiner shows that the insoluble link between humanity and cosmos is the fundamental basis of evolution As human beings have participated in the development of the world we know today so their achievements are directly connected with the ultimate destiny of the universe In human hands rests the freedom to shape the future course of creation Knowledge of our exalted origins and of the path we have followed is indispensable if we are to evolve a future worthy of responsible human beings Through a study of Steiner s writings one can come to a clear reasonable comprehensive understanding of human beings and their place in the universe Paul Marshall Allen In the best tradition of ancient wisdom literature Cosmic Memory reconstructs from the akashic record events that span the time between the origin of the Earth and the beginning of recorded history This spiritual research includes a profound investigation of the origins achievements and fate of the Atlanteans and Lemurians the remarkable lost root races that developed the first concepts of good and evil manipulated natural forces laid the foundation for human legal and ethical systems and defined and nurtured the distinctive yet complementary powers of men and women that brought humankind many centuries ago to its highest artistic intellectual and spiritual attainments Through this discussion of our true origins Cosmic Memory offers a genuine foundation for our lives allowing us to realize our real value dignity and essence The reader is shown our human connection with the world around us as well as our highest goals and true destiny This is a key volume for understanding Rudolf Steiner s early development as a Theosophist and how his ideas terminology and formulations during that time fit into the development of his anthroposophic epistemology and Christology This volume is a translation of Aus der Akasha Chronik Rudolf Steiner Gesamtausgabe 11 Rudolf Steiner Verlag 1986      Man and World In the Light of Anthroposophy Stewart C.
