Personality in Handwriting. A Handbook of American Graphology, Etc. (Second Printing.) [With Illustrations.]. Alfred O. Mendel,1958 **Personality in Handwriting** Alfred O. Mendel,1990 A guide to the study and analysis of handwriting to reveal personality traits GRAPHOLOGY Michael Watts,1992-12 An incredibly simple guide to what handwriting reveals about you your friends and your enemies **Handwriting Analysis and the Employee Selection Process** Kathryn K. Sackheim,1990-10-05 The first graphology book written specifically for human resources professionals this volume is designed to help those involved in the selection of new employees find out how handwriting analysis can help them learn more about the people they plan to hire and promote As the author notes at the outset handwriting analysis is beginning to enjoy widespread acceptance in the U S as a valuable adjunct to other pre employment tests Sackheim suggests how managers can best work with a professional graphologist shows how to find a consultant with the proper credentials and demonstrates how to evaluate the various traits revealed by handwriting analysis according to how they affect business situations Numerous case studies and hundreds of handwriting samples are included to illustrate points made in the text Sackheim begins by placing graphology into historical perspective tracing its development from the time of Aristotle to the present Part I covers the process of graphology and moves from a general discussion of handwriting through such specifics as slant rhythm pressure and size spacing writing speed and style and straight lines circle letters and i dots The second section presents case studies of sales people managers presidents and other jobs and demonstrates how handwriting analysis can be an effective tool in evaluating candidates for various types of positions In the third section Sackheim provides the first complete survey of the graphology literature ever published Her review encompasses virtually every study written in English since 1919 as well as over 50 articles in psychological journals The final chapter addresses the legal issues involved and discusses discrimination laws and the right to privacy U S Supreme Court decisions and Equal Employment Opportunity Commission requirements With the background provided here human resource professionals will be able to add handwriting analysis to the tools they are already using for the selection and evaluation of employment candidates throughout the organization The Definitive Book of Handwriting Analysis Marc Seifer,2025-09-12 The Definitive Book of Handwriting Analysis is a must for all serious students of graphology Iris Hatfield Professional Graphologist HuVista International The complete guide to graphology from the winner of Flandrin Michon AHAF President s Lifetime Achievement Award by the American Handwriting Analysis Foundation The ability to write by hand is a pinnacle of human achievement As a form of self expression handwriting reflects a person s thoughts about the self and reveals aspects of a person s personality Written in a step by step fashion The Definitive Book of Handwriting Analysis begins with the history of the field and then teaches you how to analyze any handwriting starting with objective criteria including variables such as organization speed size shape

slant and symbolic features Then you learn how to combine these variables to create a full personality profile There are more than 100 handwriting samples including those from Paul Newman Bill Clinton Marlon Brando Donald Trump Sigmund and Anna Freud Thomas Edison Osama bin Laden Jacqueline Kennedy Bruce Springsteen Benito Mussolini Napoleon Michael Jackson Robert Redford Barak Obama and Charles Darwin Part II discusses how handwriting is organized by the brain and includes many examples of the link between handwriting and various illnesses and brain disorders from dyslexia and epilepsy to stroke and coma It ends with a discussion of the link between different personality types their brain organization and their handwriting Part III is an in depth look at the field of questioned documents including such topics as free hand forgeries tracing disguised handwriting and anonymous notes It features an in depth discussion of how forgeries are created and how they are detected If you are interested in any aspect of this topic **The Definitive Book of Handwriting Analysis** is definitely the book you need

Faced with challenging economic times contemporary clinicians require assessment tools which can accelerate the therapeutic process and facilitate brief psychotherapy This text introduces graphology or handwriting analysis which has been used clinically in Europe for decades alongside other projective techniques In *Clinical Graphology An Interpretive Manual for Mental Health Practitioners* this clinical application becomes accessible The text provides a compelling rationale for the clinical evaluation of handwriting and demonstrates how therapists can access rich personal data by examining clients graphic behaviors The text is designed to systematically present clinical graphology in theory and practice A review of the literature demonstrates that the clinical use of graphology is consistent with the tenets of clinical practice Graphological interpretive theory is presented in detail providing a theoretical understanding of those graphic features which are meaningful indices of psychological phenomena In this context the inherent congruity between graphological and psychological theory is explored Diverse handwriting samples including many of contemporary public figures illustrate graphic phenomena while demonstrating and encouraging the graphologist's unique type of visual acuity To facilitate the reader's ability to synthesize graphic traits into a holistic personality profile an interpretive schedule is provided which summarizes graphic indices and their interpretations A method of assessing handwritings is provided which permits a degree of standardization and so facilitates research Using this text readers can integrate graphological theory and cultivate interpretive skills Providing a comprehensive treatment of the psychology of handwriting this volume includes a discussion of caveats which guide the clinical use of graphology as well as research considerations and guidelines for sharing graphological findings with clients To date clinicians in North America remain unaware of the merits of graphology usage although they continue to seek out methods of assessment which will

facilitate their clinical efforts This volume will demonstrate graphology as a tool which can be applied by those with virtually any theoretical orientation or practice model speaking to the interests of psychiatrists psychologists social workers art therapists vocational counselors pastoral counselors and naturopaths and paraprofessionals Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress.
