# Perspectives On New Religious Movements

**Bryan R. Wilson, Jamie Cresswell**

## **Perspectives On New Religious Movements:**

*Perspectives on New Religious Movements* John A. Saliba, 2016-10-06 This book provides a dispassionate analysis of new religious movements charting their growth and examining them from a variety of perspectives sociological psychological legal and theological Saliba then questions whether or not membership harms those who join these new movements and assesses the charge that they brainwash their adherents

*New Religious Movements* Eileen Barker, 1982 This is a collection of 19 papers that treat new religious movements as strategic sites for understanding societal patterns The focus of this volume is on five topics comparative perspectives historical patterns societal responses to cultural imports what new religious movements signify about a society and social perceptions of new religious movements

**New Religions in Global Perspective** Peter B. Clarke, 2004-06-01 Peter B Clarke s in depth account explores the innovative character of new religious movements and new forms of spirituality from a global vantage point Ranging from North America and Europe to Japan Latin America South Asia Africa and the Caribbean it is the perfect introduction to NRMs such as Falun Gong Aum Shirikyo the Brahma Kumaris the Ikhwan or Muslim Brotherhood Sufism the Engaged Buddhist and Engaged Hindi movements Messianic Judaism and Rastafarianism Charting the cultural significance and global impact of NRMs he discusses the ways in which various religious traditions are shaping rather than displacing each other s understanding of notions such as transcendence and faith good and evil of the meaning purpose and function of religion and of religious belonging He then examines the responses of governments churches the media and general public to new religious movements as well as the reaction to older increasingly influential religions such as Buddhism and Islam in new geographical and cultural contexts Taking into account the degree of continuity between old and new religions each chapter contains not only an account of the rise of the NRMs and new forms of spirituality in a particular region but also an overview of change in the regions mainstream religions

*Understanding New Religious Movements* John A Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals *Understanding New Religious Movements* offers the most objective introduction possible

*New Religions in Global Perspective* Peter Bernard Clarke, 2006 This volume provides a complete guide to the global impact and cultural significance of new religious movements

*The Oxford Handbook of New*

Religious Movements James R. Lewis, Inga Bårdsen Tøllefsen, 2016 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs      The Oxford Handbook of New Religious Movements James R Lewis, 2008-07-17 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs      *The Future of New Religious Movements* David G. Bromley, Phillip E. Hammond, New Ecumenical Research Association (Unification Theological Seminary), 1987      Cults, Culture, and the Law Thomas Robbins, William C. Shepherd, James McBride, 1985      *New Religious Movements in the Twenty-First Century* Phillip Charles Lucas, Thomas Robbins, 2004-06-01 New Religious Movements in the 21st Century is the first volume to examine the urgent and important issues facing new religions in their political legal and religious contexts in global perspective With essays from prominent NRM scholars and usefully organized into four regional areas covering Western Europe Asia Africa and Australia Russia and Eastern Europe and North and South America as well as a concluding section on the major themes of globalization and terrorist violence this book provides invaluable insight into the challenges facing religion in the twenty first century An introduction by Tom Robbins provides an overview of the major issues and themes discussed in the book      *Teaching New Religious Movements* David G. Bromley, 2007-05-25 Since its inception around 1970 the study of New Religious Movements NRMs has evolved into an established multidisciplinary field At the same time both the movements and the scholars who study them have been the subjects of intense controversy In this volume a group of senior NRM scholars who have been instrumental in the development of the field will offer pivotal essays that present the basics of NRM scholarship along with guidance for teachers on classroom use The book is organized topically around subjects that are both central to the study of NRMs and likely to be useful to non specialists Part I contains examinations of the definitional boundaries of the area of study varying disciplinary perspectives on NRMs unique methodological ethical problems encountered in the study of NRMs and the controversies that have confronted scholars studying NRMs and the movements themselves Part II examines a series of topics central to teaching about NRMs the larger sociocultural significance of the movements their distinctive symbolic and organizational features the interrelated processes of joining and leaving NRMs the organization of gender roles in NRMs media and popular culture portrayals of the movements the occurrence of corruption and abuse within movements and violence by and against NRMs Part III provides informational resources for teaching about NRMs which are particularly important in a field where knowing the biases of sources is crucial With its interdisciplinary approach the volume provides comprehensive accessible information and perspectives on NRMs It is an invaluable guide for instructors navigating this scholarly minefield      **The Cambridge Companion to New Religious Movements** Olav Hammer, Mikael Rothstein, 2012-08-30 New religions emerge as distinct entities in the religious landscape when innovations are introduced by a charismatic leader or a schismatic group

leaves its parent organization New religious movements NRMs often present novel doctrines and advocate unfamiliar modes of behavior and have therefore often been perceived as controversial NRMs have however in recent years come to be treated in the same way as established religions that is as complex cultural phenomena involving myths rituals and canonical texts This Companion discusses key features of NRMs from a systematic comparative perspective summarizing results of forty years of research The volume addresses NRMs that have caught media attention including movements such as Scientology New Age the Neopagans the Sai Baba movement and Jihadist movements active in a post 9 11 context An essential resource for students of religious studies the history of religion sociology anthropology and the psychology of religion *New Outlook*, 1892 *New Religions and Globalization* Armin Geertz, Margit Warburg, 2008-08-01 Globalization is a predominant theme in contemporary educational and political circles Research on globalization has become a political priority because the world has become a single place as Roland Robertson formulated it where events in any particular part of the world can and often do have political economical and military consequences for the rest of the world Discourse on globalization however has generally ignored the cultural consequences Recent waves of violence that seem to be religiously fueled if not motivated among immigrants and refugees in Europe and their home regions in the Middle East have demonstrated that we can only ignore culture values and religion at our own peril Globalization and new religions is the theme of this book It is argued here that studying new religions in a globalization perspective offers theoretical and methodological advantages both for the general study of religion and the general study of globalization Religions are often cosmopolitan and universal in their overall message yet they may at the same time be utterly immersed in local interactions This is often clearly expressed among minority religions The contrast of the local and the global is accentuated by globalization and in particular many new religions have followed suit This book draws together a selection of top quality papers given at a conference held in Aarhus in 2002 under the auspices of the Research Network on New Religions RENNER The papers which have been edited and updated represent the work of leading scholars in the history of religions sociology of religion psychology of religion and other disciplines They address questions that are vital for everyone in the modern world whether approached as a reflection of world economy and power dynamics new possibilities of communication and cultural exchange in the light of mass media and technology increased cultural plurality in the wake of migration or as a combination of any of these globalization challenges the academic study of religion to renewed theoretical and methodological reflection **New Religious Movements** Bryan R. Wilson, Jamie Cresswell, 1999 Focusing on five countries Italy Brazil Germany Britain and the United States New Religious Movements offers a comprehensive and wide ranging study of the phenomena and impact of new religions Six Perspectives on New Religions, 1981 This work aims to offer a reminder that the external validity of our concepts such as religious cults is more limited than most of us realize **New Religious Movements and Religious Liberty in America** Derek Davis, Barry Hankins, 2002 It has been said that the measure of a healthy and civilized society is how well it treats its

elderly and indigent Perhaps it should be said also that the measure of the health of religious liberty in a society is the degree to which minority nontraditional faiths are protected This book is a collection of essays on the subject of religious liberty and new religious movements NRMs NRMs are often called cults by popular media commentators and the public at large but scholars eschew that term because it is so pejorative that it skews the argument from the very beginning By contrast the term new religious movements attempts to place NRMs squarely in the mix with older more traditional forms of religion This is due in part to the fact that in America there should be no correlation between the level of social approval a group has achieved and the degree of religious liberty it enjoys As the Supreme Court itself averred famously in the 1872 case *Watson v Jones* The Law knows no heresy and is committed to the support of no dogma the establishment of no sect Each author represented in this volume believes that NRMs should enjoy the same liberties as more mainstream religions If the book has a bias it is a bias in favor of religious liberty The authors believe that if the First Amendment is applied to protect the newest nontraditional seemingly unusual religions by the standards of the majority of the population then nearly everyone is safe as far as religious liberty is concerned The Cult Awareness Network and the Anticult Movement Implications for NRMs in America by Anson Shupe Susan E Darnell and Kendrick Moxon Scientology Separating Truth from Fiction by Heber C Jentzsch Witchcraft and Satanism by Stuart A Wright Women in Controversial New Religions Slaves Priestesses or Pioneers by Susan Palmer New Religious Movements and Conflicts with Law Enforcement Agencies by Catherine Wessinger *The Social Impact of New Religious Movements* Bryan R. Wilson, 1981 [The Oxford Handbook of New Religious Movements](#) James R. Lewis, Inga B. Tollefsen, 2016-04-12 The study of New Religious Movements NRMs is one of the fastest growing areas of religious studies and since the release of the first edition of *The Oxford Handbook of New Religious Movements* in 2003 the field has continued to expand and break new ground In this all new volume James R Lewis and Inga B T llefsen bring together established and rising scholars to address an expanded range of topics covering traditional religious studies topics such as scripture charisma and ritual while also applying new theoretical approaches to NRM topics Other chapters cover understudied topics in the field such as the developmental patterns of NRMs and subcultural considerations in the study of NRMs The first part of this book examines NRMs from a social scientific perspective particularly that of sociology In the second section the primary factors that have put the study of NRMs on the map controversy and conflict are considered The third section investigates common themes within the field of NRMs while the fourth examines the approaches that religious studies researchers have taken to NRMs As NRM Studies has grown subfields such as Esotericism New Age Studies and neo Pagan Studies have grown as distinct and individual areas of study and the final section of the book investigates these emergent fields **Japanese New Religions in Global Perspective** Peter B Clarke, Peter B. Clarke, 2013-11-05 Since the 1960s virtually every part of the world has seen the arrival and establishment of Japanese new religious movements a process that has followed quickly on the heels of the most active period of Japanese economic expansion overseas This book

examines the nature and extent of this religious expansion outside Japan

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Perspectives On New Religious Movements full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Perspectives On New Religious Movements eBooks, including some popular titles.

## **FAQs About Perspectives On New Religious Movements Books**

**What is a Perspectives On New Religious Movements PDF?** A PDF (Portable Document Format) is a file format

developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Perspectives On New Religious Movements PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Perspectives On New Religious Movements PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Perspectives On New Religious Movements PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Perspectives On New Religious Movements PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
