

Perspectivespublic Relations

Danny Moss,Barbara DeSanto

Perspectivespublic Relations:

Critical Perspectives in Public Relations Jacquie L'Etang, Magda Pieczka, 1996 This edited collection explores key concepts themes and theories in public relations and the assumptions which lie behind them This book will be of interest to students of public relations media and communications studies Perspectives on Public Relations Research Danny Moss, Dejan Vercic, Gary Warnaby, 2008-03-07 The practice and study of public relations has grown significantly within Europe over the past decade yet as a discipline it remains a relatively unexplored field This volume of papers brings together contributions from some of the leading international public relations academics and practitioners who provide valuable insights into the theories underpinning current public relations thinking and practice and illustrate the diversity of perspectives that characterize this evolving area Key issues discussed include the contribution of public relations to strategic management in organizations the feminization of public relations the function of rhetorical study in our understanding of modern corporate dialogue international perspectives of public relations A valuable aid to both students and practitioners this fascinating book challenges some of the traditional assumptions about public relations practice **Public Relations** Danny Moss, Barbara DeSanto, 2012-01-24 Taking a managerial perspective on the field of public relations this book explores PR and its role in the wider organizational world Contributors explore a variety of contexts in which the relevance of understanding these two interlinking domains is so paramount such as corporate branding and reputation government relations and community communications as well as drawing on expertise of legal considerations and ethical awareness The range of PR and corporate communications within any organization is critical and a managerial awareness of this is all the more important In providing a framework and examination of the issues **Public Relations A Managerial Perspective** offers an original and vital discussion **Perspectives on Public Relations Research** Danny Moss, Dejan Verčič, Gary Warnaby, 2003 This volume brings together some of the leading international public relations academics and practitioners to provide valuable insights into the theories underpinning current PR thinking and practice **Perspectives on Public Relations Research** Danny Moss, Dejan Vercic, Gary Warnaby, 2003 Annotation This book examines public relations from a variety of different perspectives a management perspective a rhetoric theory perspective a practitioner perspective a social psychology perspective and a historical perspective The book contextualizes public relations within an international framework and compares different cultures and countries Helping to promote a greater understanding of concepts such as what role public relations can or should play this book describes the phenomena associated with public relations It provides the reader with a thorough review of the practice of public relations throughout the world and attempts to pull together a useful body of knowledge that will be invaluable to all of those studying or practising in this field Public Relations Jacquie L'Etang, 2007-11-21 An excellent text for encouraging students to think critically about key public relations issues Not only does it help students to develop a deeper appreciation of public relations it also helps them to develop valuable learning skills

Amanda Coady The Hague University A typically excellent piece of work from Jacquie L Etang Critical of every basic concept and provocative to all students Ideal for second and final year undergraduates plus MA students Chris Rushton Sunderland University Extending beyond the usual bounds of insularity this text is designed to encourage critical thought in students and improve practice in workplaces A refreshing read that is consistently inventive enough to attain both aims David McKie Waikato Management School At long last fills a void in the landscape of text books on public relations theory and practice it develops critical thinking skills while exposing interdisciplinary approaches and providing a very solid foundation for lively debate and further study Julia Jahansoozi University of Central Lancashire This book introduces students to the key concepts in Public Relations with 12 chapters providing clear and careful explanations of concepts such as Reputation Risk Impression management Celebrity Ethics Persuasion and propaganda Emotional and spiritual dimensions of management Promotional culture and globalization Drawing on a wide range of interdisciplinary sources Jacquie L Etang also encourages students to think critically about public relations as an occupation Student exercises critical reflections vignettes and discipline boxes help students to widen their intellectual perspective on the subject and to really engage the thinking that has shaped both the discipline and practice of public relations

Handbuch der Public Relations Peter Szyszka, Romy Fröhlich, Ulrike Röttger, 2024-12-10 Das Handbuch f hrt die Wissensbest nde der Public Relations Organisationskommunikation zusammen und ber cksichtigt dabei zentrale Aspekte der PR Praxis Die Beitr ge aus verschiedenen theoretischen Perspektiven bieten eine Einf hrung in die wissenschaftliche Besch ftigung mit dem Ph nomen PR Hierf r liefert der Band einen Blick aus unterschiedlichen sozialwissenschaftlichen Disziplinen und bietet eine breit angelegte Darstellung diverser Ans tze und Modelle Schl sselbegriffe die den Fachdiskurs wesentlich pr gen werden ausf hrlich erl utert F r die vierte Auflage wurden die Beitr ge grundlegend bearbeitet und aktualisiert sowie teilweise neu zugeschnitten Das Handbuchprojekt wurde mitbegr ndet von Dr G nter Bentele emeritierter Professor am Institut f r Kommunikations und Medienwissenschaft der Universit t Leipzig

Public Relations Leaders as Sensemakers Bruce K. Berger, Juan Meng, 2014-05-23 Public Relations Leaders as Sensemakers presents foundational research on the public relations profession providing a current and compelling picture of expanding global practice Utilizing data from one of the largest studies ever conducted in the field and representing the perspectives of 4 500 practitioners private and state run companies communication agencies government agencies and nonprofits this work advances a theory of integrated leadership in public relations and highlights future research needs and educational implications This volume is appropriate for graduate and advanced undergraduate students in international public relations and communication management as well as scholars in global public relations communication management and business It is also intended to supplement courses in public relations theory strategic communication business management and leadership development

Organisationskommunikation und Public Relations Ansgar Zerfaß, Lars Rademacher, Stefan Wehmeier, 2013-03-14 Der Band diskutiert das Verh ltnis von Konzeptionen der

Organisationskommunikation und Public Relations Public Relations wird in der Regel als spezifische Form oder Funktion der Kommunikation einer Organisation verstanden Dennoch lassen sich PR Praxis und selbst PR Forschung betreiben ohne dass ein expliziter Bezug auf Theorien und Konzepte der Organisation genommen werden m sste Der Sammelband schlie t diese L cke indem die Entwicklungslinien von PR Theorien und Organisationskommunikation offengelegt neue Ans tze zur Kombination beider Richtungen pr sentiert und Untersuchungsfelder sowie empirische Zug nge zur internen Kommunikation von Organisationen vorgestellt werden

Public Relations Cases Danny Moss, Barbara DeSanto, 2022-11-11 This unique collection of contemporary international public relations PR case studies gives the reader in depth insight into effective PR practice in a range of organizational contexts The global cases demonstrate the breadth and sophistication of the public relations function both in public and private sector organizations This fully updated third edition of Public Relations Cases offers fresh perspectives on the changing face of contemporary public relations and the development of PR and communication strategies Addressing the gap in PR literature it examines political systems climate media ownership and structures as well as the social values and economic conditions which shape the role and work of PR practitioners The book follows a four part analytical model CDAO Context Decisions Actions and Outcomes to successfully identify the key points of comparison between cases to uncover how and why particular events occur and critically identifies what key factors and actions we can learn from in future decision making Featuring updated cases from across industries and around the world including South East Asia Latin America the UK and the US this book is an invaluable resource for researchers postgraduate and executive education students studying public relations corporate communication and public affairs

Perspectives Ginger Rudeseal Carter, 1999 Public Relations , 2007

Encyclopedia of Crisis Management K. Bradley Penuel, Matt Statler, Ryan Hagen, 2013-02-14 Although now a growing and respectable research field crisis management as a formal area of study is relatively young having emerged since the 1980s following a succession of such calamities as the Bhopal gas leak Chernobyl nuclear accident Space Shuttle Challenger loss and Exxon Valdez oil spill Analysis of organizational failures that caused such events helped drive the emerging field of crisis management Simultaneously the world has experienced a number of devastating natural disasters Hurricane Katrina the Japanese earthquake and tsunami etc From such crises both human induced and natural we have learned our modern tightly interconnected and interdependent society is simply more vulnerable to disruption than in the past This interconnectedness is made possible in part by crisis management and increases our reliance upon it As such crisis management is as beneficial and crucial today as information technology has become over the last few decades Crisis is varied and unavoidable While the examples highlighted above were extreme we see crisis every day within organizations governments businesses and the economy A true crisis differs from a routine emergency such as a water pipe bursting in the kitchen Per one definition it is associated with urgent high stakes challenges in which the outcomes can vary widely and are very negative at one end of the spectrum and will depend on the actions taken

by those involved Successfully engaging dealing with and working through a crisis requires an understanding of options and tools for individual and joint decision making Our Encyclopedia of Crisis Management comprehensively overviews concepts and techniques for effectively assessing analyzing managing and resolving crises whether they be organizational business community or political From general theories and concepts exploring the meaning and causes of crisis to practical strategies and techniques relevant to crises of specific types crisis management is thoroughly explored Features the electronic version of this allows students to explore customized response plans for crises of various sorts Appendices also include a Resource Guide to classic books journals and internet resources in the field a Glossary and a vetted list of crisis management related degree programs crisis management conferences etc **Public Relations Research** Ansgar Zerfaß, O.

Amsterdamska, Krishnamurthy Sriramesh, 2008-04-11 This volume is a major contribution to the trans national debate on public relations research and communication management It presents dominant concepts and findings from the scientific community in Germany in English language At the same time the compilation contains a selection of the most influential and relevant approaches from European and international researchers Editors and contributors are renowned academics from all over the world This books honours Guenter Bentele one of the international spearheads of public relations research and gives academics students and communication managers a focussed insight into the field Public Relations Theory Brigitta R.

Brunner, 2019-05-07 The comprehensive guide to applied PR theory in the 21st century Public Relations Theory explores the central principles and theoretical components of public relations and their practical applications in actual situations This informative text helps readers to understand the concepts approaches and perspectives of PR theory and learn development methods implementation strategies management techniques and more Chapters written by recognized experts on each topic provide readers with knowledge on how when and why appropriate theories are applied Focusing on how organizations and individuals integrate theory in a public relations framework each chapter explains one function explores its potential challenges and opportunities provides an example of the function in practice and offers discussion questions and additional reading suggestions Unique in structure this text arranges chapters by function rather than theory allowing readers to see how multiple theories can be applied to each public relations function and how theories can be used in different professional settings Comprehensive treatment of topics including social and emerging media globalization public diplomacy corporate and investor relations and others ensures relevant and timely coverage of contemporary PR issues Demonstrates how public relations theory is applied in real world practice Illustrates how successfully applied public relations theories lead to positive outcomes Discusses the relevance of public relations with accessible and engaging language Offers multiple perspectives from leading international public relations scholars Includes pedagogical tools including chapter discussion questions practical examples tables and suggested reading lists Public Relations Theory Application and Understanding is suitable for instructors and graduate and advanced undergraduate students in courses on public relations theory as well as practitioners

seeking further knowledge on the most current developments in the field International Public Relations Hugh M. Culbertson, Ni Chen, 2013-11-05 As a formal occupation public relations grew primarily in the United States through much of the twentieth century In recent years however it has spread rapidly throughout the world Broad outlines on how public relations practices differ from country to country have only recently begun to take shape in scholarly writing about the field The existing literature on international public relations tends to focus on how those working for western organizations particularly multi national corporations can best practice abroad Although useful such writings tend to focus on adaptation of western approaches not on development of new ones designed specifically for varied sociocultural settings around the world The editors have produced this book for a number of reasons There has been tremendous growth in the teaching of public relations around the world enhancing practice in many countries outside North America There has also been rapid growth in the number of professors who demand theoretical perspectives which might facilitate a unified comparative analysis across countries and regions Only a few U S universities six documented in this book now teach courses formerly called International Public Relations However many professors are going abroad to teach and do research This suggests increased interest in and a need for courses dealing with international public relations Furthermore there is a dearth of literature dealing in depth with international PR an important component of international communication This appears to be the first book length comparative analysis of public relations as practiced in various countries and regions around the world Although existing books on international PR focus largely on ways in which western practitioners employers and clients can operate effectively in other countries this volume views public relations in each country or region covered from the perspective of practitioners in that country It contains six chapters designed to provide a theoretical anchor for the 14 country and region analyses Given the intense interest in public relations education as a factor in professional enhancement it also discusses issues and practices relating to education Outlook Alfred Emanuel Smith, Francis Walton, 1873 **Western European Perspectives on the Development of Public Relations** T. Watson, 2015-04-08 The National Perspectives on the Development of Public Relations Other Voices series is the first to offer an authentic world wide view of the history of public relations It will feature six books five of which will cover continental and regional groups This book in the series focuses on Western Europe **Gender and Public Relations** Christine Daymon, Kristin Demetrious, 2013-08-15 Although there is a small body of feminist scholarship that problematizes gender in public relations gender is a relatively undefined area of thinking in the field and there have been few serious studies of the socially constructed roles defining women and men in public relations This book is positioned within the critical public relations stream Through the prism of gender and public relations it examines not only the manipulatory but also the emancipatory subversive and transformatory potential of public relations for the construction of meaning Its focus is on the dynamic interrelationships arising from public relations activities in society and the gendered lived experiences of people working in the occupation of public relations There are many

previously unexplored areas within and through public relations which the book examines These include the production of social meaning and power relations advocacy and activist campaigns for social and political change the negotiation of identity diversity and cultural practice celebrity bodies fashion and harassment in the workplace notions of managing reputation and communicating policy In extending the field of inquiry this edited collection highlights how gender is accomplished and transformed and thus how power is exercised and inequality re produced or challenged in public relations The book will expand thinking about power relations and privilege for both women and men and how these are affected by the interplay of social cultural and institutional practices Winner of the Outstanding Book PRide Award awarded by the National Communication Association NCA *International Perspectives on Public Relations* ,2008
