Pervez Paperback:

India Before Modi Vinay Sitapati, 2021-12-16 Narendra Modi has been a hundred years in the making and this book provides the backstory. It begins with the creation of Hindu nationalism, moves on to the 1980 formation of the Bharatiya Janata Party (BJP) and ends with its first national administration from 1998 to 2004. By revisiting these events, we can trace the Modi government's current dominance of Indian politics all the way back to its origins. Vinay Sitapati follows this journey through the entangled lives of the party's founding fathers Atal Bihari Vajpayee and Lal Krishna Advani. Over their six-decade-long relationship, Vajpayee and Advani worked as a team despite differences in personality and beliefs. Bound together by RSS discipline and shared ambition for a Hinduised Indian polity, their partnership explains the nature of the BJP before Modi and why it won power. In supporting roles are a colourful cast of characters: from the warden's wife who made room for Vajpayee in her family to the billionaire grandson of Pakistan's founder who happened to be a major early BJP benefactor. Based on private papers, party documents, newspapers, and over 200 interviews, this is a must-read for all those interested in the Hindu nationalist ideology that now rules India. **Barque's Pakistan Trade Directory and Who's who**, 1975

Elections Of 2000 Paperback Edition Michael Nelson, 2001-03-14 Michael Nelson and a team of political scientists explore the historic 2000 election, offering analysis of the presidential contest, the House and Senate races, and initiative campaigns in the states. **Muslims & Science** Pervez Hoodbhoy, 1991 A compelling and provocative analysis of the relationship between the scientific spirit and orthodoxy and scope of one of the great monotheistic religions. Journal of Economic Literature, 1993 International Book Trade Directory, 1979 Pakistan Mary Anne Weaver, 2010-02-22 An eyewitness account by an acclaimed New Yorker reporter. Wedged between India and Afghanistan, Pakistan is the second largest nation in the Islamic world and is situated in what is currently one of the most volatile regions on earth. It has assumed a commanding role in militant Islam, a frightening portent being its creation of Afghanistan's bizarre fundamentalist student militia, the Taliban, and with some fifteen private Islamist armies and at least twenty nuclear weapons, it is considered to be one of the most terrifying places in the world. Its disintegration would pose an unthinkable threat to the United States and the West, and the man who will determine Pakistan's future course is the little-known enigmatic General Pervez Musharraf. Mary Anne Weaver presents her personal journey through a country in turmoil, reconstructing largely in the voices of the key participants themselves: Generals Musharraf and Zia and Benazir Bhutto, the legacies now haunting Pakistan in the aftermath of the U.S.-sponsored jihad of the 1980s in Afghanistan. Fusing geopolitical choices with a vivid portrait of a land of its people, its mystery, and its clans, *Pakistan In the Shadow of Jihad and Afghanistan* provides an essential background for those seeking to understand the problems the international community now faces and poses some deeply disturbing questions about the future of conflict in South Asia. Security and South Asia Swarna Rajagopalan, 2014-03-21 Stephen Philip Cohen can rightly be called the doyen of South Asian security analysis, especially traditional security concerns in the region and advocacy on US foreign
