Bowker Company. Department of Bibliography, 1978      Speculative lucubrations of an Aristotelean philosopher Helena Petrovna Blavatsky, 2022-02-17 The Aristotelean philosopher is the mouthpiece of that majority in modern society which has worked itself out an elaborate policy full of sophistry and paradox behind which every member clumsily hides his personal views His respectable deference to public opinion is short hand for hypocrisy He confuses phenomena for which the agency of disembodied spirits is claimed with natural phenomena for which every tithe of supernaturalism is rejected He who does not believe in Spiritualism cannot believe in Christianity for the very foundation of that faith is the materialization of their Saviour If Spiritualism and Occultism are superstition and falsehood so is Christianity with its Mosaic miracles and the witches of Endor its resurrections and materialization of angels and hundreds of other spiritual and occult phenomena Is belief in the Holy Ghost less blind than belief in the ghosts of our departed fathers and mothers Is faith in an abstract and never to be scientifically proven principle any more respectable or worthy of sympathy than that other faith of believers as earnest as Christians are that the spirits of those whom they loved best on earth their

mothers children friends are ever near them though their bodies may be gone Physical as well as psychological phenomena court experiment and the investigations of science whereas supernatural religion dreads and avoids such The former claims no miracles no supernaturalism to hang its faith upon while religion imperatively demands them and invariably collapses whenever such belief is withdrawn An abusive uncompromising bigot is more honest than a mild spoken sneering hypocrite A lady who will not blush to empty in the view of all a tumbler of stiff brandy and soda will stare in shocked amazement at another of her sex smoking an innocent cigarette Madame Blavatsky defends the Cause of Truth from its detractors and traducers Facts existed in the pre scientific past and errors are as thick as berries in our scientific present Modern science is atheistic phantasmagorical and always in labour with conjecture Not to know is its climax With whom then is the criterion of truth to be left Are we to abandon Truth to the mercy and judgment of a prejudiced society constantly caught trying to subvert that which it does not understand A society ever seeking to transform sham and hypocrisy into synonyms of propriety and respectability During that incessant warfare in which old creeds and new doctrines conflicting schools and authorities revivals of blind faith and incessant scientific discoveries running a race as though for the survival of the fittest swallow up and mutually destroy and annihilate each other it would take a sage much wiser than King Solomon himself to decide between fact and fiction Mental slavery is the worst of all slaveries It is a state which as brutal force has no real power indicates either an abject cowardice or a great intellectual weakness Undisputed fact is the only tribunal we submit to and recognize it without appeal The Theosophical Society is an absolute and uncompromising Republic of Conscience preconception and narrow mindedness in science and philosophy have no room in it they are as hateful and as much denounced by us as dogmatism and bigotry in theology The worms of sham and hypocrisy have gnawed the roots of wisdom and hardened the human heart Instead of spiritualizing matter the Shakers of America and the Apostles of the Calcutta New Dispensation materialize spirit Spiritualism as a sect has as much a right for recognition as any other Christian sect But then how can belief in spirits the surviving souls of departed men quite an orthodox Christian dogma be held disreputable by the Christian public As long as the Christian public professes belief in and veneration for its ancestral faith it behoves them little to throw the accusation of degrading superstitions and credulity into the teeth of Spiritualism The scientific basis of Spiritualism corroborated by modern science     Adin Ballou's Spiritual Journey through Nineteenth-Century New England Bryce Hal Taylor, 2022-12-13 New England Christianity in the nineteenth century produced an almost unending stream of new and old denominations that speckled the landscape Baptists Congregationalists Methodists Universalists Spiritualists Unitarians Restorationists and Calvinists to name a few beckoned each individual to join their growing movements Each professed its truths and some proclaimed theirs was the only path leading to salvation Admist this Christian angst Adin Ballou began his spiritual quest to obtain truth Through Ballou s lengthy spiritual quest from 1820 to 1880 this book examines how denominational histories however important do not explain what a nineteenth century New England Christian

became Ballou exemplifies this paradox Always fixed but never settled Once a believer chose a path new phenomena and teachings immediately appeared leaving one s truth claims transient Through the Christian maze of nineteenth century New England Ballou s Christian faith was simply his own      *Religious Books and Serials in Print 1978-1979* R.R.
